

EXPERIENCE

Vivial Pursuit®

DAUPHIN EDITION

1986

With the popularity of the Trivial Pursuit game this year, the Dauphin Yearbook staff of 1986 has decided to relate to us, the Saint Louis U. High community, the SLUH experience as a distinguishable and vital part of our lives. The experience, though not reflecting trivial matters, is quite a memorable and persuasive four-year experience for the students and even longer for the rest of the community. What is unique about the experience is its transformation into a lifetime memory in our hearts and minds.

We, as an integral part of this momentous and non-trivial venture, pursue the goals of commitment, service, scholarship, friendship, and the spirited attitude to cooperate. This cooperation and unity, the essence of our pride as members of the SLUH community, resemble a game of pursuit but not characteristic of trivial matters. Composing the unique SLUH experience is our pursuit of academics, class activities, co-curriculars, and assemblies and our belief that all of these play a consequential and significant role in our lives.

Much like the game of Trivial Pursuit, we pursue the goals to achieve success at what we do the best. We revolve around the colorful, animated, and life-filled gameboard for our four years at SLUH. We select the cards and answer the questions. We are a cooperative and dedicated team, compelled to use the tools of learning and teaching to succeed. Though we do not always win at every move we make, we play the game with our best efforts. When we are faced with defeat, we convert the errors and mistakes into learning experiences which become meaningful parts of our lives — whether it be a test, a football game, a report, or an activity to which we offer our time.

In the game of pursuit, we face challenges to utilize our potential. There exists an emphatic anticipation to learn from each other whether it be in the classroom, field, gym, Prep News office, or other parts of SLUH. We choose to strongly pursue education through communication. All aspects of SLUH — the academic perspective, diversity of students, and myriad of activities — are the means through which we are educated and become a complete participant in the non-trivial SLUH experience.

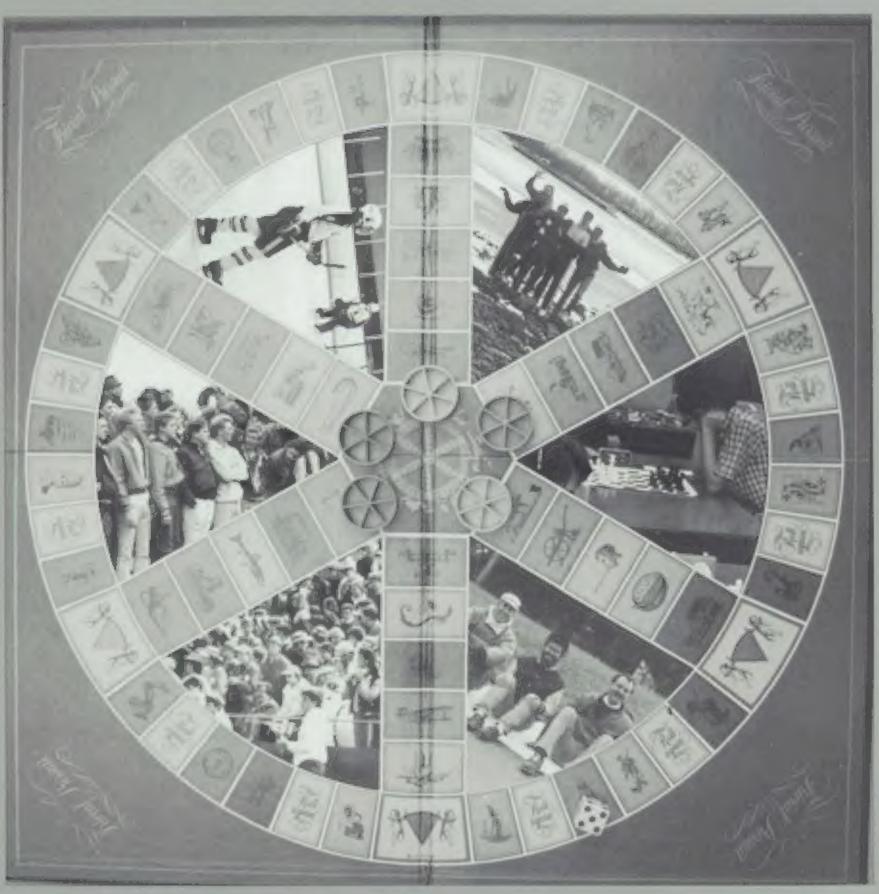

Very truly yours,

Lany S. abelo

#### WE OVERCAME INJURIES

The Varsity Soccer Team began the 1985 season rated first in the St Louis Metro area by the Area Soccer Coaches Poll. Other teams took note of this ranking, and everyone was out to defeat the Junior Bills

An impressive Junior Billiken squad opened the season with a 1-0 victory over DuBourg. In an unusual break with the traditional all-senior lineup, two juniors were among the starting eleven in that game. Many juniors on the team saw considerable playing time throughout the season. After DuBourg, the team captured second place in the CBC Tournament Undefeated in their first six games, the Junior Bills were off to a strong start.

However, the seventh game of the season proved to be a turning point. Sedalia handed the Junior Bills their first defeat. 3-0 The more important losses were tri-captain Tim Gauvain and Junior Paul LaVigne who both suffered season-ending injuries in that game

Key injuries plagued the Bills

throughout the season keeping team trainer Mr. Joseph Moffatt quite busy. Nevertheless, injuries did not prevent the team from being a prime candidate for the state title. This was due to the "strongest bench in three decades," according to Coach Dunn.

The Bills went on to capture the district title and entered the state playoffs with a 14-6-4 record. The Junior Bills advanced to the quarter-finals with a 2-1 victory over McCluer North, winning on a penalty kick in the waning minutes of the game

However, for the fourth time in four years, the Junior Bills were eliminated by the eventual State champion Aquinas-Mercy scored three goals to none for the Junior Bills before the final whistle. The '85 season was still one to be proud of. Seniors Matt Walter and Kurt Reinagel and juniors Bob Trigg and Jerry Deters received. All State honors.

Talent, aggressiveness, and team spirit were all factors in making the 1985 B-Soccer Team successful Working together on and off the field provided a unified attack, the strong point behind this year's team

The Bee's offense worked in 40 goals against its apposition. Thirteen of these, including a three-goal effort against Mehlville, came from leading scorer Jon Pini. Chris Petersen, Tim Green and Scott Kramer all contributed to the 8-team's offensive arsenal Goalies Chris Elbring and Eric Marchetto racked up nine shut-outs. The defense allowed only 14 goals all season, and only three in the first nine games

start, the Bees defeated Rosary, Aquinas, CBC and DeSmet In competition with arch rivals CBC and DeSmet, with records of 1-1-1 and 1-1 respectively, the sophomores played well. In CBC's victory in the championship game of the SLUH Tournament, the Bees came back twice, only to lose on a penalty kick DeSmet was the only team to shutout the sophomore team this year

When asked to comment on the season, Coach Steve Schad said "The record is great, but it doesn't matter. What does matter is the fact that we worked together and improved. I look forward to a strong varsity squad"

The Bees ended their season with a tough loss to Aquinas on penalty kicks. However, they finished with an impressive 13-3-2 record

## OUTSTANDING DEFENSE

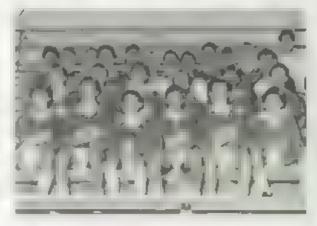

The C-Soccer Team of 1985 coached by first-year teacher Mr McCarthy, compiled a tremendous 14-2-1 record. The team was led by an outstanding defense that included tri-captains Jason Steuber, Jay Kreixemeir, and goalie John Eisele. Eisele, along with goalie Eric Lensmeyer, amassed a total of eleven shut-outs for the season.

The C-team offense also did their job throughout the year. Paced by top scorers Bobby Fishbeck and Pat Madigan, the team out-scored their opponents 37-8. Although the C-team failed to take the SLUH Invitational Tournament, the offense and defense joined forces to capture the McCluer North Tournament at the season's end

The 1985 S. JH Varsity Cross Country team came into the season with a team that on paper seemed to be statebound. With seven returning runners, this team had to be better than last year s

Coached by Mr. Linhares and Mr. O'Liddy the team was ed by tri-Bob Groth They began the season on a down note with an injury to Mike McGlynn, one of three sopho mores on the squad and a seasoneven with these setbacks, the Harri-

ers still managed to finish in the top half of the standings at every meet except sectionals, in which they finished 14th in the St. Louis area. Twice the team finished second once in the 11 team DeSmet invitational and again at the district meet

Individually, the team was home captains Rob Behm. Mike Hasik, and I to possibly the best one two punch n the area, with Behm and Chris Woodward battling tout for the top spot on the team all year Repre senting SLUH at the state meet, ending injury to Chris Shocklee But these two finished 36th and 62nd respectively. Woodward also had the distinction of winning haf of the meets he ran including the St. Louis Metro invitationa and the district meet

Next year's team is almost sure to be just as good as this year s with the return of a healthy McGiynn and with Woodward searching for even more victories (maybe even a state title) As Coach Linhares said, Hopefully with many returning runners next year, we can full some of the few dreams we missed this year

## A SURPRISING SEASON

Although no one really knew what to expect from the '85 polobills, they amazed even themselves and finshed the year with a 10-9 record Paul Lemp was named to the second team all-district squad, and two Jr. Bills, Jeff Rhyne and Bill Hamilton, were given honorable mention

The offensive duo of Paul Lemp and Jeff Rhyne appeared to be too much for most of the teams that fell in defeat to the polobils. Rhyne with 36 goals and Lemp with 34 were the offensive sparks that led to a season in which the team out-scored their opponents 139-120. When neither Lemp nor Rhyne could score, the Jr. Bills could always count on any of the other polobills for a good outing. Tim Ne.li, Mike DeGreeff, and Matt Arett were always there when the team needed a doal

The defense of BR Hamilton and Jeff Rhyne, along with a good goaltending of Jim Doll and Mark Baudendistel, kept most of the opposition in check

Right On the move against Clayton, Jeff Rhyne Matt Arett, and Tom Arett set up an attack

Below Chuck Helmann lounches a shot at the Berkeley goalle

SLUH's victory over the Longhorns of Parkway West in the district tournament at the end of the season proved to be the highlight of the year. The score was tied at half and at the beginning of the final period SLUH led 6-5. After West fied the score at six, Matt Arett scored the goal that would decide the game with a minute and a half left to play From there the Jr Bills went on to take fourth in the state tournament

Next year's team looks to be among the leaders at the end of next season. With members of the undefeated JV squad joining the varsity ranks, SLUH looks to be on the verge of another banner season

Jack Geist

#### A SPLASH OF SUCCESS

The JV Waterpolo Team enjoyed one of its finest seasons to date. The team went undefeated in the regular season and took first place in the district tournament. Throughout the year the team was keyed by clutch goal scoring and tenacious defense which held the opposition to only 48 goals while the team scored an outstanding 145.

Key wins throughout the season over rivals such as Parkway West brought the Bills to their great finish in the tournament. In the first round of the tournament, first seeded B-Watermen had an easy game against Parkway North, which set the stage for the showdown with Country Day. The Watermen were out for revenge because in two of the last three years, CODASCO had lotted the Bills out of the tournament. The team jumped out on top quickly and late game defense preserved the 3-1 win. In the finals the Watermen faced rival Parkway West, the second seed in the tournament. The B s were down by one goal at halftime. but clutch goals and tough defense in the second half propelled the Bills to their second district title in four

# AN UNPREDICTABLE SEASON

With only five returning starters the Varsity Bills were not expected to have one of the strongest teams in the state. The 1985-86 Varsity Football Team surprised everyone as they compiled a 9-4 record in one of the most unpredictable seasons in SLUH history.

Untypical of teams in the past, it looked as if this year's offense would overshadow a capable, but much experienced detense. Senior quarterback John Denk led an extremely talented and quick backfield consisting of returning starters Dan Herzberg. Kenny Morris, and all-stater Henry Hones. Joe Conte anchored a fair-sized and determined offensive line supported strongly by Doug Kamp and Mark Heiein. Both Kamp and Helein opened up the holes for the explosive backfield who put the necessary points on the board.

displayed excellent passing ability to wideouts. Chris Katsaras and Kenny Morris. Senior tight ends John Franke and Tim Bohr caught the passes up the middle for the Junior Bills' offensive attack.

The defense also proved to be a big reason for the fine season and success of Coach Martel's Junior Bis. Led by a strong defensive line consisting of John Ries, junior Chris Goodson, and all-staters Mike Turgeon and Joe Conte, the defense heid off attacking offenses. Behind the defensive line were senior linebackers. John Franke and Tim Bohr, who both shut off opposing running attacks Finally, seniors Henry Jones, Rob Lochner, Fred Kostecki, and Junior Jim Michaiski all made it tough for opposing quarterbacks.

The Junior Bills began the season with marginal victories over Saint

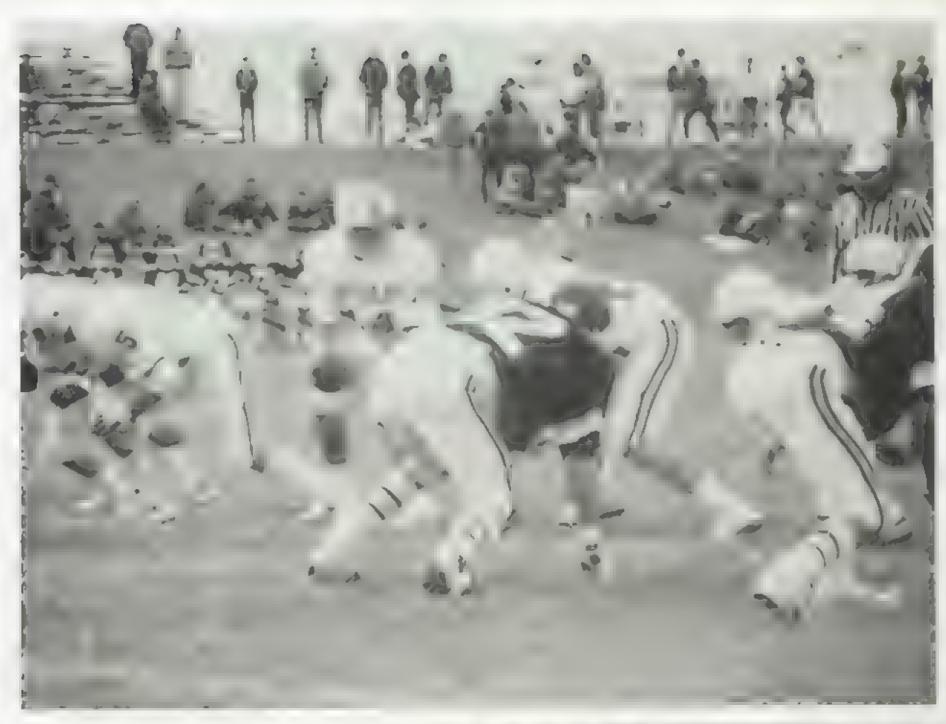

Mary's, Vianney, Webster Groves, and McCluer North. The taugher part of the season for the Junior Bills was the second haif Consecutive losses to DeSmet and Riverview Gardens threatened the Junior Bills chances for a playoff spot But the Junior Bills responded with a thrashing of McCluer and a close upset win over Jefferson City. Hazelwood Central proved to be too much for SLUH, but the Junior Bills were able to clinch a playoff berth with a 19-10 victory over arch rival CBC at Busch Stadium

The prayoffs began with a rematch against a tough Vianney team. But unlike the close game earier this season. Vianney was no match for the Junior Bills. SLUH's second victim was Joplin as the Bis pulled off a dramatic victory in overtime. SLUH then traveled to Lee's Summit where they suffered a disheartening defeat despite only ailowing Lee's Summit to gain 20 total offensive yards compared to SLUH's 200-plus yards. The loss was due to the Junior Bills' Inability to capitalize on their opportunities. Even though SLUH did not play for the state title in the final game, they proved that they were capable of being state champions

#### A DISAPPOINTING SEASON

The B-Footbills endured a tough learning season this year, compiling a 2-6 record with one forfeit. The team lost its first three games of the season before traveling to Lindenwood and defeating McCluer North 34-27 in an evenly matched game. The Bills then went on to win their next game in a thrilling defeat over DeSmet. 22-12 on which

Coach May commented as "being one of the finest games of the season." After dropping two games to McCluer and Althotf, the team suffered its greatest disappointment against rival CBC, coming up short 14-0 after a tense struggie that ended the season

#### A WELL-BALANCED TEAM

Above Coach Calact gives instructions to be carried in for the next play

Although off to a slow start, Coach Colacci's C-Football Team finished the season with a 4-2-1 re-

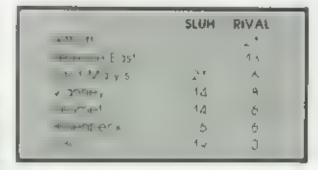

The Cees definitely had their share of injuries. Two starting players were injured early in the season. Ed Monroe, a detensive noseguard, suffered early in the season from a broken wrist, and Eric Christian was out for the year with an injured neck Later in the year, running back and linebacker Chris Herzberg broke his ankle during an intersquad scrimmage

The offense, a bit shakey in a few games, was aided by the consistent defense. Mr. Nicolierat and Dr. Bethelinstructed the line on blocking and

tackling, working with an aboveaverage size line for freshmen football

The only losses of the year were the first two games versus Illinois teams — Althoff and Believille East. The team ended their successful season with a 19-0 victory over arch-rival CBC. The offense had an excellent running game, and the defense was CBC's nightmare. This year's team shows great promise in the upcoming years.

#### GOLFBILLS INCONSISTENT

Fine individual performances high-ghted the Gotfoills' tough '86 season. The SLUH golfers finished their 2-4 season with a fifth place out of twelve teams. Showing in the district tournament, seniors Dan McNamara, Nick Porter, and juniors Bill Diepenbrack, Ken Nicholas, and Chris Miller played some fine rounds, but "not all in the same match, which led to the four loss season," commented Coach Bailey

Nick Porter turned in a fine round against a tough loss to Vianney at Bahntyre and shot a 3 over 38 He led the team to victory over Aguinas-Mercy with a 1 over 35 while Dan McNamara highlighted his season as he scored a 39 against Chaminade and Aguinas-Mercy. The Gorfbill's top junior, Ken Nicholas, played super golf against tough foes like De : met, received a 3 over 37, and CBC He shot an even par of 34 at Arrowhead, which was not quite enough as SLJH felishort by 3 strokes and lost to CBC Chris Miler played consistently in his first year of highschool competition, shooting in the low 40's, and fellow classmate Bill Diepenbrok's high point of the season came when he shot an 80 in district play at Normandy Park along with Ken Nicholas. The Goifbills' season ended when Porter and McNamara physically drained from the previous nights' Senior Follies, could only manage in the mid 80's

The term of the te

weren't just consistent enough as a team, and beyond the top five players, we were weak." The team does have hope for the next season as Nicholas, Miller, and Diepenbrock return to play on their new course along Normandy Park

This year's Varsity Racquetball Team finished the season with an upsetting loss in the first round of the state tournament to Fort Zumwalt Four of the seven matches ended in tie-breaking games, leaving the Racquet-Bills with a 4-3 loss

Despite this defeat, the Bils had another stunning season. Led by rookie Coach Dr. Koestner, the team of seven seniors and one sophomore came out of league play with a 6-4 record. Throughout the season, the top seeds on the team shuffled between Tim Bucher, Phil Schenkenburg, Bob Brooker, and Scott Farroll

Financial support from STLCO enabled an increased amount of practice time at area courts which contributed greatly to the success of the team

This season the first SLUH Gateway Tournament was held. The round-robin event was won by Lafayette, with SLUH placing fourth. The top three seeds from each team played in the event.

Having competed and played four years together, the seniors on the team were particularly devoted to making the season successful and fun

Erik Ostermueller

#### ICEMEN ICE-OFF DEFEATS

A heartbreaking overtime loss to Parkway West in the quarter final round of the Mid-States Hockey Association Playoffs failed to diminish the outstanding campaign of the '85-86 Varsty Hockey-Bus Com peting in the area's toughest division, the Icemen posted a strong 16-11 record and advanced further than any Junior Billiken team since 1977. "I was disappointed in how the season ended," commented Coach Busenhart, "but I'm very proud of this team. Our people worked hard together."

Juniors Jeff Baumstark and Aaron Cho led the offense with 56 and 49 points, respectively. The stingy SLUH defense was led by Seniors Mike Christian and Captain Jon McCormick, and was anchored by Senior goale Mike Withelm, who posted a sparkling 180 goals-against average in the playoffs

ironically, the team's best performance of the year came in losses to perennia powers CBC and DeSmet Both games were decided in the closing minutes and proved that SLUH was to be reckoned with. The Hockeybilis, despite tough divisional losses, got hot at the right time qualifying for the top wild-card spot in the play-offs and rowing into the

#### A 100% EFFORT

Throughout the season, the Junior Varsity Hockey Team gained much needed experience. First year coach Chris Ferrell remarked, "It was a learning year for many of our players." Although the team finished with a sub- 500 season, all of the players became "team members", contributed 100%, and learned to develop their talent as a team

Dave Flieg led the team in scoring while Tim LaBarge played excellently in his first year on defense. Sophomore Mike Haskell proved to be a

good example of how the entire team progressed, as he enjoyed the activities in front of the net and along the boards, he showed everyone his improvement in just his second year of organized hockey

Although the team fell to Ladue in the first round of the playoffs, the JV Hockey-Bills should have much to look forward to in their next years of SLUH hockey

# TEAM PLAYS TO POTENTIAL

stupitied 180 player

Above Herry Wilson tooks for a chance to

The 1985-86 basketball team began the season with three returning starters and much promise Coach Joe Mimistz once again orchestrated a classy team which won and jost with exceeding grace.

Senior guards Gerry Wilson and

Senior guards Gerry Wilson and Doug Laudel led a patient offensive attack. Gerry commented, "We had a good team from the beginning and we played to our potential throughout the season. The only thing that hurt us was the lack of recognition." The area rankings in the newspapers displayed that lack of recognition With the area's second best defensive stats, the Junior Bills were never ranked above eleven in the newspaper polls

Along with Wilson and Laudel, sentors Dan Walsh and Mitch Kemner also made an outstanding contribution to the team. Manning the forward spots the entire season, both Walsh and Kemner exerted superboutside shooting Steve Neidenbach played the center position and was developing good controls until a season-ending injury occurred against Hazelwood East. 6-5 sophomore Kevin McLaughlin stepped in the in the season and Impressed fans with a 15 point effort against CBC

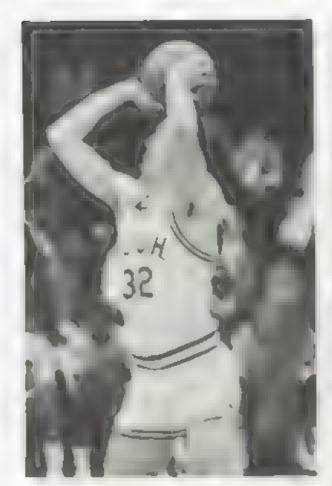

Throughout the season, the Jr Bills had their share of upsets, more of them in their favor. The team returned to the finals of the Meramea Tournament for the sixth consecutive year as they downed a tough Parkway West team whose front line read 6-8,6-5, and 6-4. The season jewel occurred in the semifinal game versus third-ranked Ladue. The Junior Bills controlled the Rams who could do little to stop SLUH's attack Also failing to the team was a topranked DeSmet squad

Overall, the team finished with an 18-8 record as Coach Mimitz increased his total to 178-47

Below A determined Jan Kertz hounds a C&C player

The B-Basketball Team had a remarkable 1985-86 season as they dominated 22 of their 25 opponents. The B-Bills relied on the clutch shooting of Dan Kertz and the consistent dominance of sophomore Mike De-Greeff

When the shooting was not hot the defense was. The team operated a man-to-man defense that forced opposing teams to shoot as if It was a zone, which was largely responsible for the B-Bills' success.

The highlight of the team's season was the emphatic devastation inflicted on the DeSmet Spartans. Sophomore Bernie Muich took things nto his own hands and led the Bills

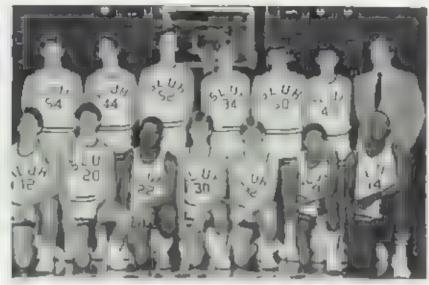

with 16 points after Mike DeGreett suffered an ankle njury during the game

in conclusion, Coach Mills stated "With the talent on this team, they may win state when they are senlors."

The 1986 C-Basketball Team showed much promise and character during the 1985-1986 season.

They compiled a hard-fought 13-4 record while winning the traditionally tough Oakville Tournament. The slow start and first setback of the year to Lutheran North can be attributed to only two weeks of preparation as a result of the prolonged football season. The team bounced back to a most impressive season with wins over arch-rivals DeSmet, Vianney, and a 30 point thrashing of CBC. The C's look back on the season with pride and promise for better things to come

After last year's successful 11-4 season, the SLUH Swim Team, under the new appellation the SLUH Water Cougars, and the new management of Coach Kevin Moore, took to the pool hoping to improve their record. The team splashed and kicked. to a sixth-place finish out of 16 teams at the Parkway North Relays to start the season, However, they then drifted into the doldrums of a fivemeet losing streak, concerning which Bill Hamilton was quick to point out, "Of the five teams that beat us four eventually beat us at the state meet." The team began to gather speed by the season's end in the last seven meets, they swam to an undefeated 6-0-1 record. The Cats really gistened at the All-Catholic Meet where they trounced all five competitors en route to their second straight title. SLUH dunked Vianney, Chaminade, CBC, Priory, and DeSmet, avenging an earlier loss, while capturing first in 7 of 41 events Individual performances were highlighted by Mark Baudendistel's state-qualifying time in the 50 yard freestyle, Jay Struckoff's blazing time in the 100 yard backstroke, and captain Paul Lemp's photo-finish first

place in the 200 yard individual medley

The Cougars next headed for the state swim meet in hopes of improving on last year's 12th-place finish Strong performances by both relay teams, combined with key individual performances, helped SLUH stroke to a ninth place showing. The medley relay quartet of Struckoff, Tom Arett, Lemp, and Baudendistel shaved four seconds off their best time to finish 12th Even more specfacular was the 4x400 freestyle relay team of Jeff Rhyne, Jim Doll, Hamilton, and Lemp which hacked seven seconds off their previous best to finish sixth. Lemp and Rhyne led the Cats by combining for six top-12 finishes. In addition to the relay placings. Lemp captured 12th in the 100 yard butterfly, white Rhyne brought home a fifth in the 200-yard freestyle and a 12th in the 100 yard freestyle Brady Murphy captured ninth in the diving competition, and Arett stroked to a 12th-place finish in the 100 yard breaststroke

When asked about the Water Cougars' season, Paul Lemp said "The team swam really well at the end of the season. We reached our

goal of finishing in the top ten at the state swim meet. Hopefully, next year s swimmers can improve upon that."

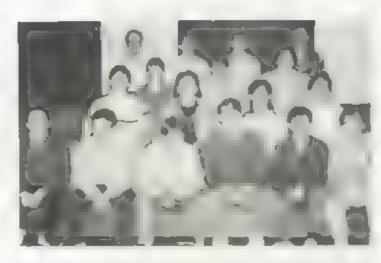

Bill Hamilton

### TEAM TOUGHER THAN EVER

Above: First row, George Vosili, Lucas Jerden, Tim Hill James Cooper Eddie Del Rosaria, Paul Bozdech. Second row. Bret Baker, William Hanses, Paul Kretschmer Kurt Schulte. Third row. Lance Isbell. Greg Dana, Bill Voss. Fourth row: Coach Jim Murphy, Scott Crouch, Andy Croig, Shannon Intagliata.

This year, the varsity wrestling team had a number of quality wrestlers which added to the team's depth. There were many back-up wrestlers who were nearly as good as the regular varsity line-up. Because of the depth, the team compiled a 5-3 dual meet record including 64-6 and 62-9 victories over Berkeley and CODASCO, respectively The season was highlighted by a first-place finish at the Ladue Quad and a strong third at the CODASCO.

This season, seven wrestlers earned the right to compete in the sectionals, four better than the previous year. Although no one qualified for state, Coach Murphy said that "every coach we wrestled against said we were tougher." Although individual records were not all that impressive, each wrestler

contributed greatly to the success of this year's team

Next year also looks promising as nine of the starting wrestlers will return. Those to look forward to are Isbell, Crouch, Craig, Hill, Morovitz, Holland, Darmody, Klaverkamp, and Hernmersmeier. Those who weren't starters this year, but look promising

next year are Krueger, Cooper, Ahr, Sceao, and Lane

Lett. Bjorn Lottis cradles a DeSmet grappler

After coming off some very impressive years, the JV Wrestiers displayed continued improvement this year

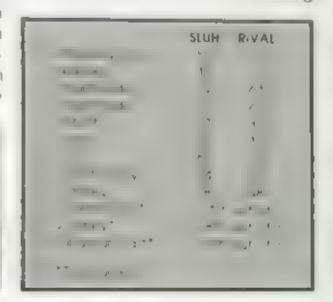

At the Country Day Tournament the B-Grapplers started the season by dominating the field to capture first place. They won all thirteen weight classes enroute to the victory. They followed up with a 57-0 romping of University City

After a hard loss to Chaminade the tearn "toughened up" and had one of their best showings at the tough Vianney Tournament, despite only placing eighth John Dumolin finished second, while Jim Craig, Brian Hahn, Joe Held, and Jeff Dougherty

came in fourth in their respective weight classes

The rest of the season was very tough for the team, but they still did very well. After dropping a match to Althoff, the Jr. Bills bounced back against Priory. The Cadets were the next to fall, followed by a close loss to Country Day. At the Suburban East Tournament, the Jr. B is came in fifth in a predominantly varsity field. The season ended with a loss to DeSmet.

Jim Craig

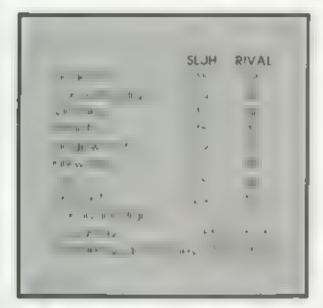

Below During the Fox Junior High Tournament Chris Potritti settles in to pin his opponent Right Jeff Collier braces himself to subdue a struggling opponent

### CEES BUILD SEASON

In mid-November, one of the largest groups of freshmen ever turned out to wrestle for the C-team Coach Anderson took charge of the squad, most of whom had never wrestled before Due to this inexpenence, the season got off to a slow start. The Grapplers lost their first three matches to more experienced teams, and then placed last in the eight team field at the Fox Junior High Tournament. They rebounded to 3-3 behind strong performances from co-captains Joe

Heid, Rich Codd, and John Corrigan This streak included a win over the rival Cadets, 38-36. Jeff Collier, Greg Dana, and Chris Patritti also distinguished themselves during these meets Following the streak, the C-team competed in the DeSmet Quad. They edged out the Spartans by one point to capture third. The season ended with two hard-fought losses to DeSmet and Vianney, However, despite a losing record, the C-Grapplers gained valuable experience for next year

#### AN IMPRESSIVE SEASON

The 1986 Tennistrilis completed the year with a 7.5 varsity record and an impressive 9-1 J.V. record Coach George and Coach Linhares were pleased with the team's performance after last year's dismal season. They were especially thrilled with the victories over Vianney and CBC because, as Coach Linhares stated, "The three teams we really wanted to beat this year were CBC Vianney, and DeSmet." Although the team suffered a disappointing loss to DeSmet, they were able to bounce back to rout Rosary 7-0

In addition to these wins, the varsity squad dispatched St. Mary's, Lindbergh, Chaminade, and Webster Groves. Rich Cummings. Todd Roach. Pat Sheridan, Mike Muzzarelli Matt. Rieser, and Vince Schmidt played the singles positions, while Chris Stuckey, Steve Gross, Chris Petersen, and Pete Goode rounded out the doubles teams. Departing

seniors Cummings and Roach both had excellent seasons, with Roach compiling a 2-1 record in the district tournament

The Junior Varsity Tennis Team was alive and well, losing by only a single match in their one loss to Chaminade. Singles matches were played by Bill Drone, Tom Etling, Andrew Smith, and Bill Bayer Paul Blase Craig Smith, Steve Schumacher, and Tim LaBarge formed the doubles teams. Scott Zone had an undefeated season at 6-0. Season highlights included a 6-0 sweep of Country Day and routs over Priory and Lindbergh.

Next year for the team looks extremely good, as returning team members Sheridan, Stuckey, Grass and Muzzarelli promise to be standouts

Jr. Bitiken baseball coach Steve Nicollerat asked his 1986 team to give him "good defense and a pitcher who could throw strikes When the squad produced these qualities, the result was 16 wins against only 5 losses and a second successive District title

A superb defense was characterized by shortstop Mark Panzeri's phrase to the pitchers. "They hit it and we'll get it for you." The SLUH D was anchored up the middle by Panzeri along with Joe Conte catching Paul Sinak at second and Tim Bucher in center field. First baseman Scott Horace and third baseman Scott Ha ermann completed the all senior nfield, while Gerry Wilson was stationed in right field. The trio of Mike Evans, Mike Withelm, and Tim Murray platooned in left field. The starting lineup, along with backup infielders John Pierle and Scott Gibert committed just over one error per game.

The Billiken pitching staff, able to throw strikes and change speeds well, finished the season with a microscopic 1 93 ERA, complementing the fine defense. The staff workhorses were senior lefty Dan Waish and junior Dave Warnecke. Waish ended the season at 7-3 with 41 strokeouts and an incredible 1 43 ERA. Warnecke compiled a 7-1 record with a 2 44 ERA His only loss came in the bottom of the ninth with 2 outs against St. Mary's by a score of 1-0 SLUH's "Bullpen by Committee" (Sean Nolan, Scott Gilbert, Doug Kremer, Kevin Hediger, and Mike Damico) compiled a 2-1 record with 2 saves and 24 strikeouts

The SLUH team slumped in the first two weeks as they started out at just 1-3. The offense was the culprit early on as the Jr. Bills scored just one run during the 23 innings comprising the three losses. When the bats ignited, however, the Billikens began to streak past the apposition. Before losing to Lafayette, they won 15 of 16 games, including 10 in arow. They placed second in the Riverview Tournament and won the SLUH Tourney again. The lumber which slum-

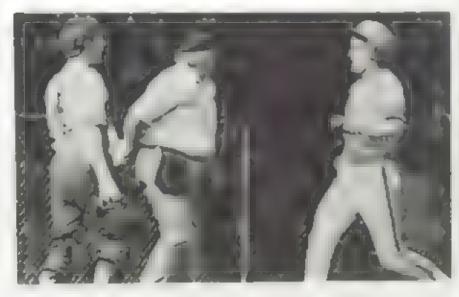

bered in the early going scored 10 runs or more in 7 games and ended the season averaging 7.6 runs per game Horace lead the team with a 418 average, 3 home runs, 28 hits, and 22 runs scored, and 13 storen bases. Bucher hit 412 with 17 runs scored, followed by Conte at .364 with 7 extra base hits and 15 RBIs Wilson hit .350, and he aso had 7 extra base hits along with 12 warks Panzeri knocked 6 doubles while Hallerman drove in 13 runs. The trio of efffie ders combined for 24 runs scored, 19 RBIs, and 4 home runs. Gilpert scored 16 runs and had 5 extra base hits, including 2 tripes, as the DH The SLUH offense was definately a balanced attack

The Bills banged out 19 runs to trounce Webster in the District finals to win their second consecutive title. The season ended with a heart-breaking 8-6 decision to Latayette in the state sectionals.

#### A STRIKING SEASON

The B Basebali Team under Coach Richard Wehner beared down to win our final three games of the season to finish the year with an 8-5-1 mark

Lack of starting pitching and the ability to get hits with runners in scoring position plagued us as we skidded in a mid-season slump in which we lost four of five games. However, in the final three games with excellent pitching and rejuvenated bats we managed to defeat CBC, Lutheran South, and Definet

The highlight of the season was the 6-5 victory over DeSmet in nine innings. Although it rained for much of the game, Tim Murray remained strong. After seven innings, the game was deadlocked at five. We went into extra innings and finally won it in the ninth. Tim Murray went the distance to earn his second win of the season.

The future of this year's team is prom-

sing Kevin McLaughlin Tim Hastey Dan Kertz, and Tim Green may prove to be prominent figures on next year's varsity squad. The ten returning freshmen lead by Bob F shbeck and Tom Purceil should make next year's B-team tough to beat

#### TRACK TALENT SHINES

At the start of the year, it looked to be a poor season for the Track Team. With several of last year's standauts having graduated, and several of this year's hopes not returning, talent seemed to be in short supply. However, this soon proved to be false, as a strong group of juniors and several surprising underclassmen added depth to the line-up of returning seniors

The first major meet was the Public High Relays. Four underclassmen — Scott Akins. Chris Bohr, Tom Wind, and Kevin Cloughley — vaulted a total of 35 ft to win the pole-vault relay. The hurdle team of Scott Mosher, Roger Byrne, Roy Williams and Jim Wessing placed 2nd in the 440m low shuttle hurdle relay and 3rd in the 440m low-high shuttle hurdle relay. Overall, the Bills' performances were good for a fourth

piace finish in a strong field of 14 including Vashon and Sumner

In the next big meet of the season, the Oakville Invitational, the team's best was not quite good enough Led by strong jumping, the team placed tenth out of 21, but they were shut out in all but one of the running events despite several outstanding performances. Brian McCarthy placed 5th in the long jump, and Geoff Beckemeier placed 7th in the long jump and 5th in both the long and triple jump. Akins vaulted to a 5th place finish. The only runners to score points were Dan Herzberg and Paul Winter in the 400m dash

The high point of the year came at the All Catholic meet. Scott Mosher swept the hurdle events, leading the Bills to a second place finish. Mosher also ran legs in the 4x100m relay (Jon Bildner, Brian Garcia, McCarthy,

Left Chris Oldenburg winds up to fling the dis-

Below Between laps Chris Woodward stops to chat and tie his shoes

Left. Showing the form that won the All Catholic hurdle races in off Mosher clears the hurdle easily.

Mosher) which placed 4th, and in the winning 4x400m relay (Winter, Gary Peach, Mosher, Herzberg). The 4x800 team (Winter, Peach, Rob Behm, Chris Woodward) placed 2nd, and the 4x200 team (Bildner, Garcia, McCarthy, Herzberg) placed 4th

in addition to Mosher's races, Herzberg's first place in the 400m in a meet record of 50.8 seconds highlighted the individual performances

Other strong performances included Woodward's close 2nd in the half-mile. McCarthy's completion of a four-medal day with a 4th in the long jump and 5th in the triple jump Ed Wizeman's sixth in the high jump in place of the injured Beckemeier Bill Voss' heave in the shot put for fifth place

The weekend after the All-Catholic the season came to an end at the district meet. The tough competition provided by U-City, Ladue, and Sumner buried the Jr Bills' hopes of sending anyone to sectionals. Despite strong performances by Woodward in the 800m run and Herzberg in the 400m run, both failed to qualify by a few steps. Other hopeful qualifiers — McCarthy in the long jump, the 4x400 relay, and Mosher on the hurdles — also faired to qualify it was the first time in a while that the Jr Bills falled to advance anyone to the sectional

Despite the untimely end, the season was still a success. The team won all but one of the regular meets and showed well at all major meets. At the end, it was just a case of the best not being good enough.

### GETTING INTO SHAPE

Due to a small turnout for the varsity team, many sophomores were promoted into varsity spots for regular meets. However, the full sophomore team, with a few freshmen was assembled for two meets, the Lindbergh Sophomore Invitational and the SLUH Sophomore Invitational

At the Lindbergh meet, the sophomores finished in the middle of a 14 team field. The foursome of Dave Abkemeier, Roger Byrne, Jim Wessling, and Roy Williams placed first in the 440m shuttle hurdies, while Chris Bohr captured second in the pole vault However, despite several other strong performances, the Jr Bills were only able to place in four other events

The team produced better results at the SLUH invitational at the close of the year. In front of the home crowd, they placed second, only 4 points behind Chaminade, despite only winning three events to Cha-

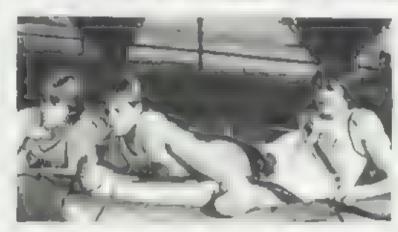

Befow First raw form Schwartz Dave Barbeau Unie Harrie in generale grand from Chis Wagner Jason Berne Secondrow Coach Bill May teve is at rovers, chair Fall Algerian Mark Prusacki. minade's seven. Byrne placed first in the triple jump, and added a third, fourth, and sixth place finish to that for a total of 21 of SLUH's 108 points Mike Prusaczyk edged out a Vianney hurdler for first place in the 300m. hurdles. SLUH's 4x400m relay team (Wessling, Dave Grimm, Mark Prusacki, Jason Steuber) took the other first for the Bills However, the main reason for the success in this meet was consistent placing in addition to the first place finishes, SLUH earned points from four each of second, fourth, fifth, and sixth place finshes, and three third place finishes They placed in all but three events and had several events with two point-winners. With few exceptions, the performances at the meet were the seasons best

The sophomores who weren't filling out the varsity team for regular meets formed the backbone of the JV Track Team. This group compiled a 6-1 record at dual and tri-meets usually winning by a fair margin. With these experienced sophomores returning, next year's varsity looks to be in good shape.

Paul Winter

Attive with the world the hunser over the treme entrals into store

"After all the hardships, fraining and conflicts, we made it" a feat the freshmen tracksters are proud of after an extraordinary season. With a 4-0 record in regular meets, the C team finished fourth out of fourteen teams in the Lindbergh Invitational and placed seventh at the tough Vianney Invitational

The team had depth in nearly every area. On the track, Joe Held, Brian Lawler, Charlie Lottes, and John Sadio conquered great distances while Mike Prusaczyk and Roy Williams dominated the hurdle events Mark Adrian, Jason Steuber. Jim Wessling formed the sprinting corps The jumping events were held down by Lottes and Tea Baudendistel and Chris Herzberg handled the shot and discus

During the course of the year, several records were broken by freshmen Early in the year, William Moore

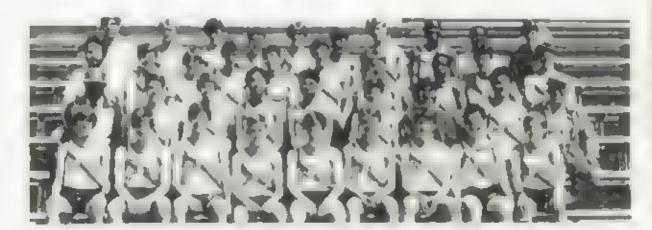

lowered the 100m dash from 12.1 seconds to 11.8 seconds. The records for the 400m and 800m relays were set by Steuber, Adrian, Williams, and Moore at the Lindbergh invitational, only to have the 800m record broken again at the Vianney invitational by Adrian, Wessley, Williams, and Steuber Prusaczyk set a record of 43.1 seconds in the 300m hurdies, beating the old record by over a second. Other records were just missed in the 1600m relay and the high jump.

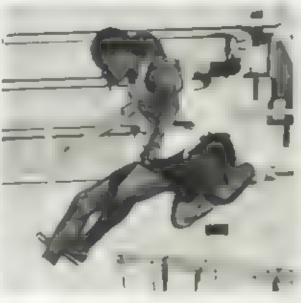

The success of the freshman team was due in part to the large number of participants and the continued effort from all team members. The coaches believe that this group can win many important meets in tuture years, and may even go to State if members stay with the sport.

#### FROLICS A SUCCESS

In recent years, Fall Fraiscs has been a great success. Under the organization of Internal Affairs. Commissioner, Phil Schenkenberg, and the watchful eye of Fr. Steele, the 1985 version was no different. With the help of the many senior booth captains and the others who donated their time, everything ran smoothly. Treasurer Matt Nordman's 'Sell Like Hell' campaign reached its goal of 16.500 tickets. This marked the fourth consecutive year that the school reached its incentive for raf-

Above the unit paint was more sourcessful than ever due to better prices and marked trips.

#### A ROCKING RETURN

A crowd of people jammed the halls and auditorium to attend SLUH's 1985 Back-to-School Dance. Despite a sometimes unruly crowd and excessive heat, over 880 people made this year's dance one of SLUH's most successful ever

The event offered students the chance to rock to the tunes of Jay Barry Band on the dance floor, or associate with girls from the area high schools in the hallways and outside the west-door entrance

In addition, The Back to School

Dance is, to most Freshmen, the first large social gathering of SLUH students it presents the attendees with the opportunity to reacquaint themselves with old frends or meet new ones in the process. "It was the best dance I ever went to," said one enthusiastic freshman Sophomore Bob Half was prompted to describe the evening as "a veritable Mardi Gras of high school entertainment — a potpourit of festivities

The hard work of selfiess volunteers in preparing for and restoring the event certainly paid off as the dance proved to be enjoyable for everyone

It took a great deal of hard work effort, and practice to produce this year's SLUH-Ursuline play, "The Diary of Anne Frank." Combining their falents in the production, SLUH and Ursiline students performed the memorable story about a young Jewish woman's battle against the Nazis and her relationship with her family in their hiding place in Germany, "Diary" was different from all other plays mostly because of the small cast which enabled all of the performers to know each other really well. All of the cast-members could really concentrate on their characters because all of the parts were about equal. There were certainly no jeaousies among the cast because they were all star performers

Mr Schulte has often stated, "The only difference between high school theater and professional theater is the paycheck." Though there was no paycheck for the SLUH and Ursune students, there came a rewarding and memorable experience for all involved

eth Battery Frank was the trist stop and the bas tour of North Park and the group poses with the Storie of Jobity

Bek will A hungry group waked than Central Fark to their upon spot in heirard look Lafe.

On Wednesday, April 8, 1986, 39 sleepy SLUH students and faculty as well as hundreds of pieces of luggage and equipment boarded TWA flight 714 bound for New York City Their objective: to perform their music for area New York City high schools and to have the time of their lives. For five days they sang danced, and played for New York City high schools students while at the same time catching such sights as 5th Avenue, 42nd Street, Broadway, Times Square, Rockefeller Center, Central Park, and the Hard Rock Cafe

It was not all glitter and sunshine. however. They slept on the hard wooden gym floor of Regis High School on 83rd St. They were locked out of the school until 230 in the morning in 40 degree weather Thursday evening after a night on the town and then had to rise and shine at 6 30 in preparation for a day of performing. Almost all had tired aching feet from the many miles spent trekking up and down the streets of the Big Apple, and more than one got taken by a hustler pedaling his cheap wares. Despite all of the disadvantages, however, not one of them would say that the trip was anything but a positive experience They gave four super performances doing such hits as "Power of Love" and "What a Feeling." Individually, the chorus had audiences in smiles with their Kingston Trio mediev which included such songs as "Goober Peas," "3 Jolly Coachmen," and Scotch and Soda "The Jazz Band was up to their usual level of superior excellence performing such contemporary hits as "She Works Hard for the Money" and Jazz-Swing classics such as "In the Mood"

Fr. Reale and Mr. Mueler, who went along as chaperones, did a fine job of leading and organizing the activities throughout the trip. In the words of Mr. Mueller, "This trip was an invaluable experience."

#### A ZANY COMEDY

This year's Dauphin Players undertook perhaps the most unusual production ever to hit the St. Louis U High stage

John Hillmeyer led an extremely talented cast in pulling off the slap-

stick and madcap zaniness involved in "Scapino!" On the nights of December 7th and 8th, crowds were left roaring with laughter at what has been called the comedy event of the season

Below Argante (Brad Hammond expresses his displeasure for the antics of his son Below right. Zerbinetta (Amy Marcinkiewicz and Giacinta (Julie Boggiano) eat ice cream on dackside.

Above Ottavio (Chris Albers) and Scapino (John Hilmeyer) flee from John Hilmeyer (Harris Harren)

Bek w Therest 1, 17151 If legis off the OFIE

The perplexing plot served only to connect various "silly bits" which evoked fremendous chartles from all who came to the show. Never has one play been packed so full of crazy antics, such as flying spaghetti, bicycle crashes, beatings in sacks, chases through the audience; and even an entire "orchestra" made up of the cast, crew, and audience

The show was as much fun to perform as it was to watch. Tom Horgan looked back on the play as "a lot of fun, perhaps the pinnacle of my experiences at SLUH,"

The director, Mr. Joe Schulte called "Scapinol" a "difficult piece of theater," and he congratulated the performers for "making it work."

As always, the Stage Crew did an excelent job building the set and running the technical side of things. Their crazy antics coincided with the "insanity" of the play and they kept the cast in good spirits.

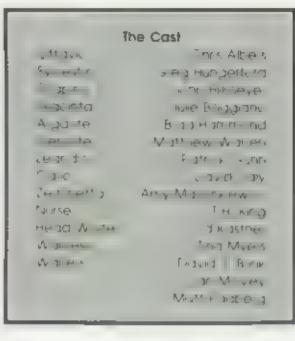

It is obvious to all that U. High theater will never quite be the same since it has been visited by "Scapinol"

#### **Proud Performances**

SLUH has always taken great pride. in the fine arts. The one act play of Box and Cox" gave all fine art enthusiasts something to smile about The trio of Chris Abers, Brad Ham mond, and Matt Warren they waiked away from districts at Horton-Watkilns High School planning first, and went onto Coumbia to compete in the state finals over the weekend of April 26. The play has been a success for Mr. Schulte in past years, but this year's presenta tion was slightly different Instead of having the part of Mrs Bouncer transformed to "Mister" bouncer the part was played no driad by Matt Warren After pe forming at an assembly for the student bod, Mr. schulte took his peished right to compete with other top actors at the state championship at Mizzo. However, tension played a factor in the outcome of the production as the crew falled to place in the tup three

One sunny Friday afternoon in early May, students packed into the auditorium and attended a dazzing performance by the Grid Company, a group of semiprofessional musicians and singers from Western Michigan University that stopped at South to give the last performance of a week long four. The ensemble was concerned with good vocal

habits and exceptional musical call pablities. Since most of the musical cars were music majors, the show was packed with talent. The five piece band and sixteen singers ett. So the with the utimate experience of jazz. What else nan be said, exticked help in a traditional theory and the original and the arrow of work that went into timust have been massive.

#### 'TIS THE SEASON TO SING

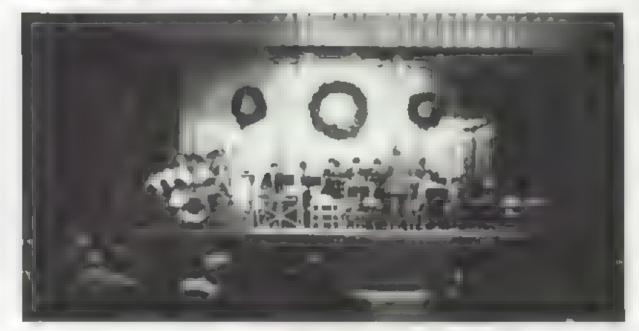

Four months of hard work went into this year's Winter Concert. The joint effort of the Concert Band, Jazz Band, and Chorus cranked out 90 minutes of crowd pleasing music

The Music Department of \$1.04 was pleased to see a crowd of 280 peuple in the audience on December 15, 1985 at 2 PM. The music a rector Dr. John Milak said, "I thought the concert went extremely well..."

The Winter Concert consisted of

"At MITTH JUNE JISTIMYS ASSETTE MUTERIOUS

Be will the anglets the crest alos historias del of rs Endutry the bolk all world

both Christmas songs and other songs the groups had been rehearsing. The concert opened up with several selections by the Charus including "We Three Kings" with solos by sophomore Bob Hall, junior Steve Ashford, and senior Brad Hammona "Come Thou Redeemer of the Earth with solos by Juniors Mike Kramer and Kevin Curat, and "Hark the Heraid Anges Sing."

The performance was followed by the Concert Band playing, "E Captain March" and "Funky Blue" The Lab Band (a rhythm section in addition to the standard Concert Band) performed "Electric Lady" and "Firestar." The Symphonic Band (the Concert Band and the Jazz Band) thrilled the audience with "The Sound of Music" and "Jesus Christ Superstar" The Jazz Band capped off the show with "A Charlie Brown Christmas" and the ever popular Theme From Barney Milier

The Winter Concert is not really a Christmas Concert Dr. Koestner indicated that each group selects its best songs to perform ensuring a good variety of music to entertain a wide spectrum of people.

## SPIRIT BRINGS UNITY

Above Dave Haselbauer comes ready for a nap on Crazy Clothes Day Below. The Jr. Bills crash through the spirit banners just as they crashed through CBC in the Homecoming Game.

The 1985 Spirit Week activities were a great success because they displayed more than ever the spirit and unity which are SLUH's trademarks

The Goldfish Eating Contest confinued to be dominated by the class of '86 as Chris Katsaras and Shannon Intagliata consumed fifty fish in two minutes. The spirit continued into Crazy Clothes Day as the dress code became obsolete. Anything and everything were seen in the holls as students vied for the craziest outfit. The newest event was the Student-Faculty Obstacle Course, Each member of the team was required to ride a tricycle through cones, spin around on a baseball bat, balance a pingpong ball on a spoon, sink two baskets, unroll toilet paper with his nose, eat two twinkies, and blow-up and pop a balloon by sitting on it. The student team of John Morrison, Brian Muldoon, Dave Costello, and Carlos Viail dominated the faculty team of

Mr. O'Liddy, Fr. Steele, Miss Troll, and Miss Whealon

The pep rally on Friday of Spirit Week fired up the school as guest speaker Terry Stieve encouraged a SLUH victory over long-time riva CBC. The stadium game that evening once again drew great numbers into the stands at Busch Stadium. The crowd witnessed a Junior Bills' victory as the Gridbiis trounced the Cadets 19-10.

In addition to the spirited stadiumgame victory, SLUH juniors and seniors had much to cheer about as the fun-filled Coronation Dance kicked off the following evening. The dance featured the band, Park Avenue During the dance, the coronation royalty of Dan Herzberg and Shellie Smith were crowned. The dance was summed up as a "blast" by junior Dan McVey, which accurately describes the entire Spirit Week

Below left. Exiles from ancient Rome seek asylum in Mrs. McConagy's Latin classes.

Below right. During the first ever faculty-student coed bely brigade. Fr. Reale screams "Billiken to a freshman homeroom."

#### AN EVENING OF ROMANCE

Coronation '85 brought together all of the sprit and celebration of Spirit Week Into a fitting finale. The dance was held near the airport at the Stouffer's Concourse Hotel The 210 juniors and seniors who attended along with their dates carried their celebration over from the night before when the Junior Bills gained a playoff berth by cutomarily defeating CBC, 19 to 10

The usual complaints surfaced about the price and the food; however, most people agreed that they found the evening enjoyable. The urban contemporary band, Park Avenue, got the crowd dancing to the music of Prince and other groups after the couples had consumed the dinner of pork tenderloin and the dessert of chocolate mousse.

To cap off the festivities of the evening, the Coronation king and queen were named it was quite appropriate that of the eight couples

Dan Herzberg, star of the victory over CBC, was named as king. His date, Shellie Smith, a senior at St Joe's Academy, was named as queen.

in conclusion, Fr. Steele, organizer of the STUCO-sponsored event, stated, "When all is said and done, it was a glittering evening of fun and romance

Right. The couples vying for king and queen anxiously awart the crowning.

#### AN ENTERTAINING NIGHT

On the night of February 8th, juniors and seniors donned formal attire, and gathered with their dates under the hearts, snowflakes, and white lights of the auditorium for SLUH's whiter formal, SnoBa

Designed to keep costs low so that all might attend, SnoBall had the low price of \$10. Although this price did not include dinner, it did provide flowers and soda for all couples, as well as the musical tunes of the punk band, "Corporate Humar"

The band played approximately from 8 30 to 11 30 for the 137 couples anxious to shuffle and socialize the night away. Reaction to the dance varied widely, some shared Matt O'Leary's view that "It was great" while others found the band too progressive.

Aithough the drop in attendance was noticeable, all who attended had an enjoyable evening

Below Mr Dunn poses with his favorite Cashbah worker Mike Evans

"Come and mix at Cashbah '86," the annual dinner auction, held March 22 in SLUH's transformed gym. For the price of \$50 a person, guests were treated to the lively entertainment of the Jazz Band, the excitement of four separate auctions, and a delicious ainner

trems in the Oral Auction ranged from antiques and furs to dogs, condos, sailboats, and party packages. To give guests a great variety and buying power, the Silent, Blackboard, and Blind Auctions included many desirable items. Later in the evening the drawing of the waterford crystal and the 1986 Mustang XL convertible excited the crowal

SLUH President Fr. Baker, in his first year as chief organizer of Cashbah owed the auction's success to the time, effort, and hard work of the parents, students, faculty, and alumnic Special thanks go to Mrs. Jane Christian, Mrs. Charlotte Hillmeyer, and Mr Joe Castellano, who ali provided lead-

ership and organization to make Cashbah a huge success. Cashbah raised \$250,00 which will be allocated towards campus improvements and defraying tuition costs. We here at SLUH are indebted to all those who characterize SLUH's giving spirit

#### "BACK TO THE FUTURE"

Above Seniors sing the Mupplet Irow tribine juring the righting science

Right In unison, the can har gais darkle the kink line to a mercipality background.

The 1986 Senior Follies, which took place May 2, 3, and 4, played to packed houses every night, including a standing-room-only crowd Sunday Despite a ticket snafu and a late start by the actors, the seniors went "Back to the Future" well prepared. The enthusiastic group of about 430 seniors worked hard to put the show on, working an everything from ushering to back-stage crew

The many hours of hard work paid off, especially in such scenes as "A Book Report on Peter Rabbit," the hop in which the teachers were portrayed as teen-agers, the SLUH coaches' baseball game, the "Time Warp," and the can-can. The enter taining dancing was choreo graphed by the vivacious Peggy Quinn, a recent Nerinx graduate

Senior Follies is built upon the ideal of giving everyone a chance in the spotlight. This year's product on was no exception, and everyone, as Mr. Schulte said, "ended up having a good time."

The Dauphin Players of St. Louis U High presented "Anything Goes" as this year's spring musical. The popular 1930's Broadway production

continued its success on the SLUH stage as approximately 1700 people attended the four night showing. The plot centered around Billy

Above: Disguised as a priest, public enemy #1, Moontace (Joe Kinnson) offers some advice to Hope and Sir Evelyn

Below in formal attire, the singers perform one of their many numbers

Crocker, played by Chris Cleerand, who impulsively boards a trans-Atlantic cruise ship in order to be with his true love, Hope Harcourt, played by Shelly Zlatic. There is one problem, however. Hope is engaged to an upright Englishman, Sir Evelyn (Chris Albers), in order to be with Hope, Billy assumes the identity of various comic characters with the aid of nightclub personality Reno Sweeny (Amy Becker) and public enemy number 13, Moonface Martin (Joe Kinnison)

Interpolated with this intricate plot was an energetic dancing and singing charus under the direction of chareographer Marilyn Mur and musical director Joseph Koestner

The winter presentation received good reviews from its audience, "It gave me goosebumps," said sophomore Dan Schieber as he referred to Joe Kinnison's rendition of "Be Like the Bluebird" as the funniest scene in the play. The play also enjoyed technical success despite the fact that Katie McGuire, the intended lead of "Hope," lost her voice due to laryngitis a week before the show and was replaced by Shelly Zlatic

The real success of the play should not only credited to the great cast but also the direction of Mr. Joseph Schulte, who united 74 people to produce the fun and enjoyable show. Chris Cleeland stated, "The cast was the most fun I've been involved with in any play."

Nearly 750 SLUH fathers and sons packed the ballroom of the Marriot Pavilion Hotel downtown on Wednesday, May 7th for the annual Father-Son Banquet

Senior Ed Kastner delivered a very humorous, yet meaningful speech which focused on his four years at SEUH and his relationship with his father

After the speech, Mr. Owens began the awards ceremony. Mr. Owens stated that "choosing award winners is a difficult task" since so many students should be recognized and honored for their service and dedication.

Students were honored for the routstanding achievements in publications, athletics, dramatics aca demic organizations, and contests as well as for their service and loyalty to the school

Im Lally was the recipient of the EdHawk Award, which is given annually to the senior who "was most able to influence his class toward success by cooperation and unity."

The recipient of the Mac Boland Award was Paul Winter, who was honored for his dedication and "unified participation in the spirit which is St. Louis U. High

Fred Kostecki received the Hinck Hereford Award for his outstanding scholarship, athletic ability, and readership

The Faculty-Appreciation Award went to Mr. Ebbie Dunn who stated that he would "always remember the class of '86 for their common sense and good taste."

#### GRADS HONORED

The rotunda of the Saint Louis City Hall was the setting for the third annual Backer Awards Dinner. On November 44, SLUH honored three graduates, all who have distinguished themselves in one or more of the following areas: 1. In their service to family, Church, and fellow man, 2 in their leadership in civic or social work; 3 in their business or professional endeavors, 4 in their promotion of intellectual or cultural pursuits.

One of the recipients, F, William McCalpin '39, is a partner in the Saint Louis law firm of Lewis and Rice. He has built an outstanding record as a champion of legal services for all Another recipient, George E Ganter, Jr., M.D. '45, was honored for his numerous accomplishments in the field of forensic medicine. Also honored was David A. Hilliard '67. Mr. Hilliard. Executive Director of the Kiwana's Camp Wyman, was honored for his service to the underprivileged and low income elderly.

The three men honored at the ceremony represent the accompishments of all SLUH alumni and provide the present students with a fine example of what can be accomplished after graduation as "a man for others"

# FLING EARNS PRAISE

SLUH's annual carnival, Spring Fling, proved to be quite fun and a huge success. The Fling featured a stant lottery mixer, an Air Jam, carnival-like booths, a barbeque, and many refreshment stands. The Battle of the St Louis Stars, which was to feature representatives from numerous radio and television stations and many business leaders, was cancelled due to an early rain.

Sophomores manned the barbeque while the freshmen prepared the snowcones and popcorn. The booths included basketball shoot

ing, a dime toss, a dunking booth, a dart throw, a ring throw, and an in-

In the evening, most of the crowd moved into the auditorium to experience Air Jam '86, which featured the Trio, the Romones, Kiss, the Who the Kinks, and the St Louis Jesuits

Spring Fling was fun for all involved from those who generously gave of their time to those who participated in the games

## AROUND ST. LOUIS

Above right with a fire of the state of the

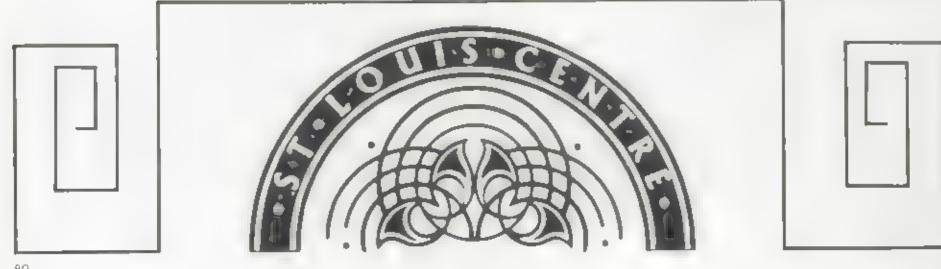

April of the getting of the control of the property of the control of the control

There is a new look and a new pride about St. Louis that is springing up all over the area. Downtown St. Louis just a few years ago seemed to be on the way to becoming a ghost town, everything was moving west. Shipping centers would open in Shipping Centers would open in North Tount, and stores and bisin esses would close downtown. However, this trend has reversed. Now beautifully revitalized downtown is the pride of the area.

In 1985, two major developments opened. A full city block of shops and restaurants set in an archediglass atrium stretches between newly decorated Famous-Barr and a totally rehabbed Dillards Department Store. It is called St. Louis Centre.

In contrast to the sunlit, stark white and glass walls of the Centre is the dark stone facade of the St. Louis Union Station, It opened with great fanfare in August, with our own Mr Joe Schulte helping to organize the opening herem a les union station tias something for everyone from the gournet restaural is and many specialty shops, to the Omni Hote that has restored the old Bali Room to its original grandeur, to an outdoor lake under the train shed. This structure will remain as a tribute to the workmanship not only of its 19th century builders, but also of the 20th century developers who had the vision to take a decaying city landmark and again make it a gathering place for thousands of people dally

In addition to these two sights,

many other large office buildings are opening downtown almost monthly including the new headquarters of Southwestern Bell, the tailest building in the city. These are rapidly changing the sky ne of our city

Another landmark that stood at the brink of extinction is the Bevo Milliatione time one of the best local restaurants. It received a face lift in the past year and is now a Patrick's Restaurant.

opment that opened this spring of 1986 is the Galleria, a sun-1 ed shopping center added to the oid Westroads mall. The new look is complete to the point of covering up an architecturally significant building with white stucco, almost windowness walls. I hope that cam around in

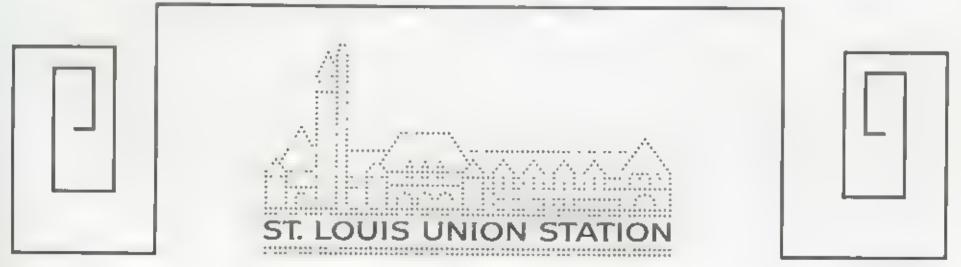

30 or 40 years to see the restoration of this building

The new look of downtown comes at a time when two other landmarks are celebrating major anniversaries. Busch Stadium celebrated its 20th year as the home of the Cardinals. And 25 years ago, the Gateway. Arch was added to a still young St. Louis skyline. Now that skyline is growing in new places.

It is wonderful to see this new facelift happen to St. Louis It not only revitalizes buildings, but also changes people's attitudes about the city they live in. I have always been proud of St. Louis — my home town.

Mr. John Mueier

#### AN OPPORTUNITY TO RELAX

few Incoming freshmen realize that Freshman Direction Days is the first retreat they make during their four years at SLUH Freshman Direction Days focus on orienting the freshmen toward the values and deals that the school hopes to instill in its students. Overall Freshman Direction Days is merely a great way for freshmen to "break the ice"

Sophomore retreats have put emphasis on "just surviving sophomore year," as Fr. Reale puts it The sophomores spend a few days at Camp Wyman discussing the problems of school and home, however, sophomore retreat deals mainly with the sophomores' relationships with their parents and family

Junior retreats offer the juniors a relaxing few days at the White House on the bluffs of the Mississipp River. Juniors use this retreat as an opportunity to become more aware of the people around them. Stereotypes and first impressions give way to deeper understanding and

knowledge of what the "other guy" is really like. The theme of class unity has always made the junior retreats very successful because the junior class learns to pull together in love and cooperation.

Whereas the junior retreats focus on the group, the senior retreats focus more on the individual. Seniors deal with the anxieties of college, relationships, motivation, the Church, and personal concerns. This year the seniors spent two and a half days of retreat at either Overlook. White House, or Pallotine

The retreats at SLUH offer the students the opportunity to refax, reflect, and discuss important aspects of their lives. The drudgery of homework can sometimes interfere with someone's overall perspective of what truly is important in life. Retreats reinforce a student's relationship with family, friends, and most importantly, God

#### NEW IDEAS FOR MASS

This year the weekly Wednesday masses employed innovative ideas and a stronger initiative for increased participation to make the mass more meaningful for those gathered. Such suggestions as silence in the chapel, singing, student petitions, and student lectoring were all part of Pastoral Chairman Father Reale's efforts to keep the spirit of the masses at SEUH alive

Special programs such as the Lenten mission enhanced the Mass's relevance in the daily lives of all members of the SLUH community. Collections both during Advent and Lentallowed students and faculty to contribute to worthy causes and be an active and vital part of the mass. Such things as the Christmas skirt with the appearance of Santa and John the Baptist indicate the relaxed at mosphere intended for the Mass. Students and faculty should both feel proud of their continuous efforts to make the masses relevant.

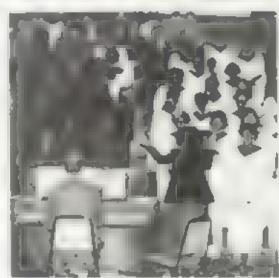

Athere is really E. Rake. In Mr. age, for my the pifts at the Mass of the Holy Spirt beaw. Marry is that are this awyor act is a skill about the free meaning of Christmas.

#### SILVER STAFF HONORED

Left Mr. Wehner, Mr. Martel, and Dr. Bethell enjoy the savory buttet

Right. The function was extremely well-attended by the faculty and staff.

This year SLUH honored its long time faculty (over 25 years) at a special Uncheon. We asked each of them what thoughts they had concerning their tenure at SLUH. This is what they had to say

My fondest memories are those of the association I have had with so many nice people — lay and Jesuit faculty and staff parents alumni, and last but not least students over the years "— Mr. Ebbie Dunn, 30 yrs

My years at SLUH have passed quickly due to the interesting work and wide variety of personalities I have come in contact with "— Miss Heien Klenkien, 25 yrs.

The most satisfying feeling that I have had as a teacher is seeing students, years after graduation, who attribute to your efforts some degree of responsibility for their success—due to your example, teaching, or coaching. Somehow, I have been able to convey the ideas of doing the best job possible under whatever conditions exist."— Mr. Emmet Hanick, 33 yrs.

I have had many personal thrills, but the greatest reward not necessarily in winning the big game but in seeing young men develop beeing them develop not only as an athlete but as a successful person — I am proud of them all!" — Coach Paul Martet 26 yrs

Being a small part of a very much ative old school has been a joyful challenge during the past 26 years. Mostly my feelings are grateful admiration of students and faculty-staff "—Fr. Martin Currigan, S.J., 26 yrs.

It sibeen a challenging and stimulating educational experience " — Mr. Dominic Calacci, 28 yrs

Ewouldn thrade places with anybody -- Fr. Martin Hagen, S.J., 34 yrs

My 25 years have been complete — in satistaction, fulfillment and especially a sense of belonging " — Fr. Richard Balley, S.J., 25 yrs.

Has if really been that long? Which proves I guess that time does tly when your having fun." — Mr. Joseph Schulte, 28 yrs.

It's been fun — never a dull moment. I've loved it and at times hated it. Where has the time gone? The support of my colleagues has helped me persevere." — Dr. James Murphy. 25 yrs.

My fondest memories of 40 years of teaching are of the students and my fellow feachers. Spirit and fellowship are high on the list SLUH has been a wonderful place to share in the rich blessings of the Lord " — Mr. Charles Conway, 40 yrs

The Student Council (STUCO) has demonstrated that it can successfully administer traditional student run activities while also incorporating innovation in the process. It provided the SLUH community with unfaltering service.

The sixteen-member group of representatives worked to meet the needs and desires of the student body. Aside from its successful mixers, such as the "Back-to-School Dance," STUCO organized Spirit Week culminating with Coronation

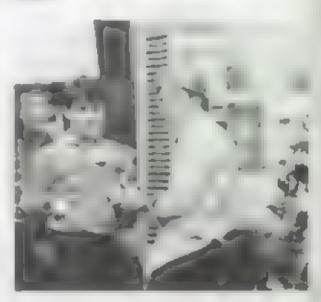

STUCO's major innovation was is creation of Live Jam '85 in December. The concept of a mixer-type atmosphere centered around the student-assembled bands that made the Air Jam concerts of the previous year popular

STUCO's Influence was felt throughout the school because it contributed not only to the social happenings of SLUH such as pep rallies and Fall Frolics/Spring Fling, but also sponsored the Christmas Food Drive and the St Patrick Center Halloween Party, STUCO also organized contributions for the Mexican Relief Fund set up for the earthquake victums

The representatives and commissioners that comprised STUCO '85-86 made student government take an active role at St. Louis University High.

### EXCELLENCE IN NHS

The National Honor Society is a nationwide organization honoring students for academic excellence, leadership, and participation in co-curriculars. This year, 34 seniors were inducted into the SLUB chapter of the NBS. These students represent some of the best of the students in the Class of '86

The members of the NHS are chosen by the administration and certain faculty members in September The members, known for their leadership and academic strengths, are asked to perform many tasks during the remainder of the school year. These tasks include ushering at plays, tutoring underclassmen, helping with scheduling, and working at Open House in November. Mostly the members do low-profile jobs, which all need to be done.

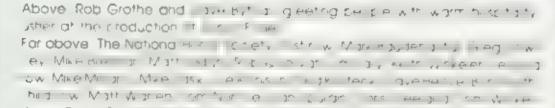

No member is required to do any jobs upon being inducted, but the strength of the organization lies in the fact that members are always willing to volunteer and cooperate with one another. Membership is given not only for what a student has done, but also for what he continues to do to help his school as needed, to support school spirit, and to contribute his leadership in school activities

#### A TREASURE OF MEMORIES

Ever wonder who turns off the ights on Wednesday and Thursday nights? Yes, its those same fearless few who crank out the area's only high school weekly newspaper, the Prep News

Now in its fiftieth year, the Prep News gives its workers a chance to experience the writing and production of a newspaper, with deadlines and pressures as similar to the rea thing as high-school journalism can offer. To readers, the Prep News offers information and amusement on otherwise dreary Friday mornings

A group of writers, some regulars and some free-lancers, report on a week's news and sports and submit articles to editors Rob Grothe and John Wagner on Wednesday afternoon. With the electronic aid of the DEC word processors in room 114 the editors perform their healing magic on those articles which beg for nurturing

A crack staff of Marty Hoff, Mark Bildner, and Jon Bildner join the editors in the Thursday night layout of the paper Matt Falk uses the Macintosh to create graphics wizardrythe illustrations and headlines which adorn the pages of the <u>PN</u> Moderator James Raterman, a veteran of thirteen years, skilfully manipulates the faculty room scanner and Roneo machine to print out the pages

Early Friday morning, an ad hoc group of stapiers puts the final touch (i.e. that small metal fastener in the top, left corner) which brings to an end one week of the Prep News

Rob Grothe

#### A LITANY OF TALENT

Well, exactly what, as one curious freshman asked, is Sisyphus? Need I say that Sisyphus is the Literary Magazine of the U-High that came out two times during the '85 and '86 school year?

Even without the publicity, the Lit Mag did manage to garner some sembance of a readership who generally isked what they read Under the moderation of Dr. Sanjex and the editorship of Rob Grothe and Paul Rhodes, the magazine flour shed. Many times, the staff did not exist, in which case a makeshift crew were hastly recruited to meet all kinds of imaginary deadlines Those deadlines were utimately ignoted, but the editors had fun pancking anyway when they realized they had no chance of meeting them:

This year marks the eighth year in Sisyphus' life Next year, the rock ascends the slope for nine

Paul Rhodes

Below. Tom Baumgartner and Jim Goewert start to slik screen the cover of the spring edition of Skyphus.

Far below. The editional staff. Dr. Sanjek. Paul Rhodes, and Robert Grothe, enjoy discussing some current news.

Below left. Paul Rhodes talks to a group about the goals of the Lit Mag.

#### A PHOTOGENIC GROUP

Under the joint leadership of Brother John and Miss Whealon, the Photo Club has been producing better quality pictures. The Photo Club does most of its work for the year-book but also tries to improve the members' photo skills

Early in the year there was an introductory course in the fundamentals of picture taking. Mid-way through the year, Miss Wheaton had a photographer from the Globe-Democrat give a talk on the many aspects of photo-journalism

Besides working for the yearbook the Photo Club planned several outings. In the meanwhile, they were busy "developing" their skills

## A STRONG VOICE

The Speech Club developed greatly this year as Mr. Chmelir worked with a large and talented group

In the Optimist Speech Club, open to those under sixteen, freshmen Jamie Cummings, Rob Bauer, Cyril Skroska, and Joe Weindel all proved to be talented, freshman Dave 8lankenship qualified for the zone meet, the next division

Senior Larry Abeln placed third in the St. Louis area with the speech he taped for the Voice of Democracy Contest sponsored by the Veterans of Foreign Wars. Another senior, Frank Bottini, competed in the American Legion Contest

The Christian Interscholastic Speech League (CISL) offers categories of prose, poetry, extemporaneous speech, duet acting, dramatic interpretation, and original oratory. Team members Larry Abeln, Todd St Vrain, Chris Woodward, Pat Dooley, and George Richards performed well in the preliminaries. Matt Stevens, Bob Hall, Pat Gunn, and Paul Rhodes all placed within the top five of their categories to qualify as area finalists.

Commenting on the successful team, Mr. Chmelir noted, "There is a alimmer here and there - we're

growing "Hopefully in the future, members will carry off more ribbons and the valuable experience participation in speech offers

# MATH FOR FUN?

The Math Club, while not known for its highly dedicated members does offer many students the opportunity to practice math outside of the classroom. A small group of "regular" members were involved in the monthly Missouri Math League competitions and area invitationals

One of the highlights of the year was the TEAMS competition, held in Columbia on the campus of the University of Missouri. SLUH participants tinished first in this contest. Math Club moderator. Mr. Overkamp commented, "In some competitions, we placed very well, in others good, but we're never bad."

The Math Club is not all competition. Jeff Hoffmeister helped plan the club's social event of the year, the Math Club picnic, for which club membership increases enough to get a game of softball together

#### PROUD MOMS ASSEMBLE

This year the Mother's Club, under the direction of President Julie Lally and moderator Brother Thornton, has become even more involved in activities at SLUH. Whether it be the annual Card Party in October, holding gift-gathering parties for Cashbah, or setting up the house tour. SLUH mothers can be found hard at work for SLUH while developing friendships in the process. In many cases, the friendships last even beyond the graduation of their sons from SLUH.

A new event in the Mother's Club calendar this year was the Plant Sale held in early May Mothers came together early Friday morning on the upper field at SLUH to begin a full two days of seiling plants ranging from herbs to hanging baskets. The event proved not only to be fun, but also quite successful, "We predict that the Plant Sale will become an annual event at SLUH." said some of the mothers working on the sale

Regardless of the event, you'll find our SLUH mothers enjoying and adding that little something extra to our SLUH spirit. Even though we don't always say it, "Thanks once again for a job well done!

### DEVOTED DADS

The Father's Club at SLUH this year set some very important records that mean a lot, not only to the fathers, but also to the school as a whole. The first of these records came when the fathers made an extra effort to sell more ads for the football and soccer ad book programs. They ended up selling fifty. percent more ads this year. Another astounding record came this year when the fathers presented a check to Father Baker for seventy-five thousand dolars from their annual fund-raising drive to subsidize the costs of education at SLUH

Other than fund-raising, the fa-

thers also contributed a great deal of time in service to the school. They continued to work security at football and basketball games under the leadership of President Mike Pierte, and man the bar and bank at Coshbah. The Father's Club also organized social events to allow the fathers to become better acquainted with one another. And through their tremendous service, this year more than ever, the fathers served the school in a spirit that comes natural at SLUH.

### A FAMILY TRADITION

1959 Lentered SLUH as a typical freshman. New names, new faces, new experiences, Jebbies, scholastics, demerits, jugs, "elevator passes," noon rec, pep ralies, intramurais The teachers Joe Schulte Paul Martel, Fr. Marty Hagen in the rec room, Frs. Phil Kellett and John Doye, the heart and soul of SLUH, Ebbie Dunn, principal Fr. Gerry Sheehan. The memories — even though some 25 years old — come flooding back. Those four years at SLUH were special, unforgettable time. A wonderful, varied, enriching, moiding experience that was enjoyed then and treasured ever since (as a special time) as a special gift in a young man's life. An experience that molded us into "men for others"

1969. My son Todd was born and a experienced the joy, the uncertainty of fatherhood. A new phase of my ife begins, but the friendships and the legacy of SLUH continues and I aready wonder what will be passed.

on to this new generation Before I knew it, he was a feenager and ready to enter high school. My silent prayer is "Please God, let him go to SLUH and expenence four years of growth, of friendship, of stimulation and challenge, of sharing with others, and of pride of what he can become

1983 My son Todd entered SLUH as a freshman nervous and uncertain, a bit intimidated by the new world on Oakland Avenue. Have I overbuilt SLUH? Things can change in 25 years. A father's dream can't be a son's experience. I am anxious hopeful Much has changed at SLUH.

A non-Jesuit, non-SLUH graduate Mr Paul Owens, is principal. A former basketbail player at SLUH. Mr. Art Zinselmeyer is disciplinarian. There is a new library and chapel, but the recroom is the same. But these are my memories and comparisons. What is SLUH to Todd?

Academically, \$LUH has chal-

I graduated from SLUH Backer Memorial on Oakland Avenue in 1955. The school at that time was little changed from the first day it opened its doors. Many physical changes have taken place in the intervening thirty years. Most evident are the new gymnasium and library addition, the new Stadium, the addition of the parking lot along Oakland, and the new lockers throughout the school

On the other hand, many things appear to remain the same. They include the classrooms, the lunchroom, the recreation room, and the location of the chapel. The chape has gone through several changes and is now very tastefully decorated.

My son, Claude, will be the third generation of \$1 Louis J. High graduates in the family. His grandfather, Claude B Martin, graduated from \$1 Louis J. High on Grand and West Pine in 1914, and my son's uncle Claude graduated from the Backer Memorial in 1951.

The St Louis U High school spirit has certainly not diminished in the past thirty years in my estimation. In the 1950's no other high school could match the SLUH spirit and that certainly is true today. I be eve that part of the reason, why the SLUH spirit is so far ahead of all other schools today, is because the other schools seems to have given up on spirit

Robert R. Martin

Above left Bob St. Viain and his junior son. Todd

renged Todd and given him a solid toundation for college, life, and later experiences. He has formed friendships which are beginning to mature and develop into lifelong relationships. As always, a young man is emerging from SLUH who is prepared for the future and who is with his friends, truly, "a man for others."

Mr Bob St Vrain

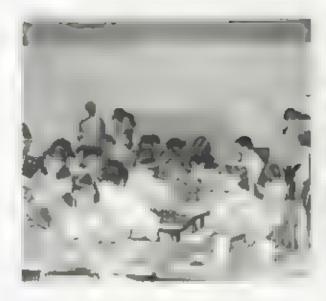

At the trashmal Themas Purcei and his father, Tom, enjoy their first Father. Son Banquet togethe

ett. Claude Martin and his alumni father Bobeniov a nice day

heard an ad on the radio the oth er day with the siggan, "It started with a vision that became a tradition," which seemed to apply to SLUH and its longstanding tradition My father and many other fathers visions of SLUH life when they were students has now become the trad tion we share. The tradition of hard work and the pursuit of excellence that sets SLUH apart from other high schools in St. Louis now form my v. sions of high school and will later in ife just as they did my father's and his father's. S. JH starts as a vision of something to achieve for its incoming classes and through its personalty and charm it becomes a trad ton for these students to share and treasure the rest of their lives. SEUH is special to me because it is a mutual tradition my father and I share and that can only bring us closer and help us achieve our visions in the future

Tom Purces

### CULTURE CLUBS

### PERFORM AND PRODUCE

Among the myriad teams, clubs, and activities that are present here at SLUH, one of the least understood is the Dauphin Players. These include not only the actors, but the singers, dancers, managers, assistants and crewmen as well. It can even be said. that the Players are sort of, well, weird. After all, who else would spend two months of hard work involving memorization, rehearsals, costumes, construction, pointing and even makeup all for the sake of three performances, each only two hours long? Why would anyone spend a hundred or so hours of warm-up for only six hours of glory?

The only response is that if that old greasepaint gets in your blood, you'll have neither the ability nor the desire to lose it. Speaking from my wide background of non-experience, no state championship could possibly compare with a standing ovation on opening night. Having changed someone's life, or someone's ideas or, hell, even given them a fun evening is one of the most noble and worthy accomplishments that can be achieved. It makes all of the rehearsals, all of the Sunday afternoons in the auditorium, all of the Saturday mornings spent swinging a hammer and all of the nights you stay at school until 1 00 A M during production week or HELL WEEK

depending on how rehearsals have been going) quite worth it. There's no logical balance scale involved but they balance all the same.

### STRATEGY PAYS OFF

Above Giving a triumphant look Bob Weissmann stuns onlookers Scott Zimmerman and Rob Post

One of the less publicized aspects of the SLUH community is the SLUH bowling league in fact, the bowling league is barely publicized at all. even though it has the longest season of any sport that SLUH is connected with. No one is cut from any team in the SLUH league, and no one is restricted from tryouts. Anyone from freshmen to seniors, is welcome and proficiency isn't a requirement The long season and upper scoring limit both make the bowlers into strategists who plot the gains and osses of extra pins vs. resulting handicaps, long range win-loss ratios become the all-important deciding factor in the war among the teams Personal rivatries for Individual honors such as highest game, highest series. and highest average gain make the competition that much more interesting. All of the competition is very good-natured, of course, but no star receiver or golden-armed pitcher could be more intense or serious about his sport

Brendan Niemira

Left is this spare time, or are the bowlers on strike?

The main purpose of the Computer Club, according to moderator Mr Overkamp, "is to learn the full use of the equipment available here at SLUH and to sharpen one's skills." The club is for people who have time to work on the system, and freedom is given to the members as to their activities during the year

The club did sponsor teams to compete in three area contests. In one of these, the Fontebonne College Computer Contest, the team of Rob Grothe, John Diester, and Chris Cleeland placed third. The club also provided two members to take the computer section of the TEAMS competition.

At almost any time during the day in which the computer room was open at least one member could be found there. The group of hard core members did learn a lot about the system at SLUH, and they became a valuable resource for first-time users

Below Matt Carosella addresses the members of Amnesty at noon-rec Below right Willy Hanses and Chris Kennedy discuss Amnesty policy in the hall

Amnesty International is a relatively small group composed of mainly juniors and seniors who utilize petition drives and letter writing to free prisoners of conscience in foreign lands. The SLUH chapter is affiliated with the larger Amnesty International organization throughout this nation and others. The larger organization gives the representatives here at SLUH their choice of a country to petition. This year, the deducated group under Mr. O'Liddy's moderation, strove to eradicate the human rights violations in South Africa. At the beginning of the year, members wrote a letter, which was strongly supported by SLUH students in the

form of a petition

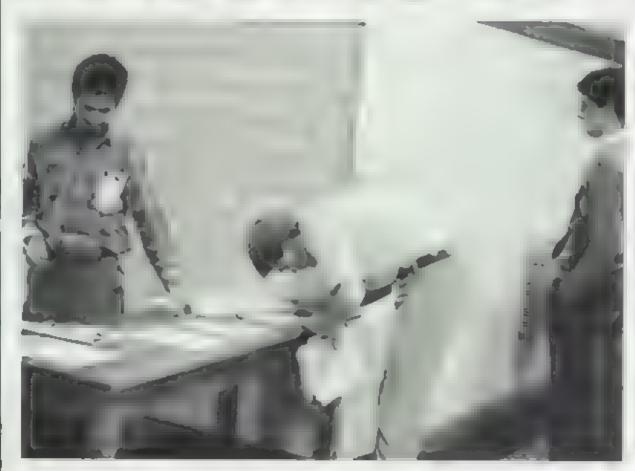

After this event, the group did not do much but waited in anticipation for the spring Human Rights Concert, which was scheduled for April 26. This concert, for the benefit of South African blacks, was intended to increase knowledge of South Africa's turnoil and increase Amnesty International's popularity. The concert was regarded as unfeasible and was therefore cancelled by the administration

As the year progressed, membership continued to decrease as Amnesty's president Tom Noerper departed at the semester Matt Carosella took over as president and directed the faithful juniors and seniors through future events

Amnesty SLUH is one of the only groups of its kind in the St. Louis area. The work it does greatly helps political prisoners, but the group must survive the entire year with committed members. The prospect next year is that publicity will increase with more underclassmen involvement to keep the organization alive.

Rick Eighhorn

What high-spirited, dedicated fun-loving group of students can be observed at any home varsity football game? Why, the Blue Crew, of course! This group assembled religiously every Friday night with the combination of musical instruments and flamboyant dress to lead the student body in the cheers for the team and provided musical entertainment.

This year marked the merge of the formerly independent Pep Band and Blue Crew cheer eaders into the single-unit Blue Crew. Dressed in uniform sweatshirts and varying non-tashion clothes, they projected their never-ending spirit over the spectators. This group would even stay in the rain when the team was behind to cheer them on The Blue Crew also traveled to DeSmet and Busch Stadium to assist the team against arch-rivals DeSmet and CBC, respectively

Not only is the Biue Crew a dedicated, hard working bunch of guys but also more tun than can be imagined.

## CHESSBILLS MASTER BOARDS

At the start of the year it figured to be a rough year for the Chessbills as their top four boards from last year's team graduated, leaving only Andy Witte, of the former varsity squad However, they surprised all as they held the best record for the Southern Conference. They also placed at the state tournament where it was predicted that they would not place at all.

The new team consisted of senior Paul Winter returning after a year on junior varsity on board two, juniors Andy Witte, Claude Martin, and Jeff Immerberg on boards one, three and four respectively, and sophomore Greg Lacey on board five Andy Witte played a perfect season with a 7-0 record for the year, winning first place on board one for the conference Paul Winter had a very respectable record for the year eaving with a 6-1 record and winning second place for board two in the conference. Claude Martin played inconsistently throughout the

season but finished fied for second place at 4-3. Jeff Timmerberg played well, earning a 5-1-5 record for the year. But Greg Lacy, the newcomer's first year in competitive chess, was the "ace in the hole" for the Bills, playing a 6-1 season. He received a well deserved first place for board five

At the state meet, the pawn pushers were unable to defend last year's championship Rather, they placed fourth, while Andy Witte proved himself to be the best high school player in the state. He lasted through the grueling third and fourth round games (five straight hours of chess, with a delay for a bloody nose) and gained a 35-5 record.

Mr Morris said it all. "I was very pleased with their performance this year." It is hoped by many that the team will continue to show their excellence in play in the year to come

Claude Martin and Paul Winter

men out there, the Stage Crew Is that group you see building sets for the plays while you peek inside the auditorium ogling at the girls on stage. We also do the lights that dazzle your mind in bewilderment and the sound that makes you feel like you are there

The Stage Crew has become known throughout St. Louis area high schools for our elaborate and sturdy sets and our technical expertise in iighting and sound. "Scapino" had our seaside café with a sunken dock and row boat "Anything Goes" had the orchestra platform, and aighting expert Bob Griffin brought us some intricate lighting thanks to a new lightboard Stage Crew also helped out on the sets for "Diary of Anne Frank" and "The Music Man" at Ursuine. There too, the excellence of the Stage Crew showed through the productions. The moral of this tale is an old theatre saying: without a crew the actors would be on a dark empty stage The Stage Crew fils that void

Matt Carosella

### STUDENTS VISIT D.C.

This year, during the week of February the 2nd, ten SLUH seniors under the watchful eye of Dr. Mueller went to Washington to participate in the Close-Up program. Close-Up is a program that brings together students from across the nation for a one-week program of learning how the government really works. The SLUH students were accompanied by other students from across the St. Louis area in addition to students from Florida and New Mexico.

Within a few minutes after leaving the buses, the students were exposed to lectures, tours, and workshops. Students went to the Pentagon, the Library of Congress, the Smithson an, the White House, various Senate and Congress buildings and, of course, the Capital

Students spent one entire day exploring the capital and going to committee meetings and visiting the Senate and House chambers. They literally brushed shoulders with people like "Tip O'Neil, George Shultz

Senators Robert Baker and John Glen, and many more well-known officials. Each night the students participated in discussing in small groups over topics like the Budget, abortion, defense, and many other issues. In addition, during the week the group had lectures on the justice system, defense, foreign policy, and the med a

The week was not all work though The students took a bus tour of the city, both during the day and night, went out to dinner several times, and also went to mails. They went to a very good play at the famous Ford's Theater, and had a banquet and dance on the last day.

All in all, the week was a very enjoyable break from the routine of
school Many new friendships were
made among people from other
parts of the country, and most people wished the program had been
for more than a week

### New President

The evening of July 30, 1985, best I can in the way that is me " marked the official transfer of the presidency of St. Louis U. High from Fr. Tom Cummings to Fr. James Baker Fr. Baker feels confident about the future, and feels no pressure to match the accomplishments of Fr Cummings "I'm not going to try to be a rival to Fr Cummings," he explained "I'm just going to try to do a good job of being president ... as

Fr. Baker is on the job from 8 30 A.M. to 10:30 P.M. on many occasions. But the heatic pace "engerizes me ... because it's interesting it's fun, it's exciting and I can see the potential

Fr Baker is not a complete stranger to SLUH. He taught math here as a scholastic from 1964 to 1967. Since then, Fr. Baker has taught theology,

served as principal of Regis High School in Denver, and worked in the Jesurt Secondary Education Association as the Assistant to the President of the JSEA and the Associate Director of the Commission on Research and Development

Now, as president of SEUH, Fr. Baker feels that one of his many responsibilities "is having a sense of the vision of this school, what the school is all about, why it is here, and what it is trying to bring about for the young men who are here." For him, there has been "nothing but good feelings, optimism, hope, and good experiences so far "

#### A COMBINATION OF SKILLS

The administration of any school is frequently referred to as "they" by the students. Students ask many questions each day such as "Why did they schedule our exams in this order?", "Why won't they let us have a study har every day?", "Why don't they let girls enroll at SLUH?". What the students do not realize is that weighty and controversia: questions such as these are dealt with each and every day by "the administration "

What we sincerely hope is that the members of the administration are perceived by students and parents as a team. Each of us has certain skills and talents which we believe complement well those of the other administrators. We work hard at making this team concept a reality

because we firmly believe that "in unity there is strength." SLUH has a long and illustrious history. We consider it to be a heavy responsibility to be charged with continuing its traditions. We are very grateful for all of the cooperation and good will for our efforts which we encounter every day

### **An Analytic Department**

Each student at SLUH is required to take three years of mathematics The normal sequence of study consists of Algebra I, Geometry, and Algebra II/Trigonometry. Because some freshmen enter each year with a strong algebra background, they follow an Algebra II/Trigonometry, Geometry, Pre-calculus sequence. Seniors are offered the options of Calculus, Analytic Geometry, Probability and Statistics, Pascal, Basic, or Assembly Language Approximately 75% of the seniors elect to take one or more of these courses

Unlike other departments which have one office the members of the Math Department can be found in the first or second floor math office. the computer rooms, or the typing room. In addition to normal class activities, SLUH math teachers also encourage and promote participation in various math competitions, such as the National Math Exam (MAA), the Atlantic Pacific Math League, the Missouri Math League, the Continental Math League, and the Missour Council of Teachers of Mathematics Contest

#### A Scientific Point of View

Through the study of the sciences, a student explores the physical and natural worlds while increasing his knowledge and understanding of the world as seen from the point of view of a scientist

With the study of the biological field, a student acquires the skills and the knowledge useful in the study of his environment and develops a better understanding of the functions of his own human body

The physical sciences offer study in the forces that affect matter and the physical and chemical structure

of materials. Through observation, experimentation, modeling, and indepth study, the student hopefully comes to recognize how science can serve man through technology in a manner compatible with human nature and natural systems

It is hoped that after completion of science courses, the student w use his knowledge for making informed decisions in solving problems which directly affect his local community or even his own personal life.

#### Fine Arts: an Imaginative Department

in the words of the school's statement of philosophy, we hope that a graduate of St. Louis U. High "is open to a variety of aestnetic experiences, and continues to develop the range of his imaginative sensibilities" in recent years at SLUH, we have built a Fine Arts Department of which we are proud, and which we believe is well equipped to enhance the imaginative and artistic side of all our students — with particular encouragement given to those students who wish to develop special talents during their four years here We offer courses in art, choral and instrumental music, film, theater, speech, and dance

Through concerts, plays, art works and films, our students develop and share their God-given talents and creative process. They learn the art of self-expression and learn to accept themselves, their strengths and limitations, and to expose themselves to others

The Fine Arts program provides the experiences needed for the desthetic expansion of every SLUH student. The entire school community is influenced by the enriched cultural atmosphere created through the Fine Arts experience.

#### A Faithful Department

In its philosophy and objectives the Theology Department of St Louis University High School builds upon the philosophy and objectives of the school as a whole presented in the Grad-at-Grad document Members of the department strive with the grace of God, to provide the Information, amb ence, and modeling which lead a student to a greater understanding and acceptance of his faith. We attempt to

help a student begin to understand his responsibility and need to pursue his own growth as a religious person. We therefore attempt to show how faith is actualized and celebrated in the sacraments, in the Christian community, and in the doing of the deeds of justice.

Desiring that a student's outlook and concerns become broader and more global during his high school years, we also encourage realistic faith and values in the local communities — family, peers, parish, school and civic community — which are microcosms of the global community. We attempt to present Christianity as a viable, integrated way of ife, as a leaven both for the Individual and his world into new entities which are more fully human and divine.

#### History: A Human Tradition

Humankind We live together on a small blue planet — We look for meaning —

In our fraditions — the human history —

Heroism and cowardice

Growth and deterioration

The cultures and traditions that

give us security ---

The frontiers that challenge and terrify

And so we learn a little about what it means to be human

Beyond history — there is our inner life we explore in psychology and the work-a-day world of economics —

The power and pain of politics and foreign policy -

And with it all learning reveals to us how much we do not know — And as we grow, we learn to respect what it is to be human

#### A Competitive, Physical Pursuit

The Physical Education program at St. Louis University High is an ongoing learning process which reflects the needs of the students. We hope the student will develop a responsibility for his own learning by seeking new experiences even if there is some risk or possibility of failure. In doing this, the student will then learn to accept himself for not only his talents but his limitations as well and will always recognize the need to attend to his physical health.

Physical Education gives the stu-

dent the opportunity to compete and participate with many Individuals. The graduate will hopefully develop a sense of fairness towards others and learn to participate in a group with intentions of heiping the group as a whole and not only being concerned with his own desires and personal achievement. If the student learns to possess a sense of fair play and concern for those he works with, hopefully he will be able to deal with people in all facets of his life.

#### Our Library: a Real Learning Center

Our library, the newest addition to the school building, was opened in January, 1972 and contains over 27,000 volumes of books and 125 periodicals for your use

The aim of the library is to provide a "learning center" where students and feachers may use the library and its resources as an integral part of the learning process. Our purpose is to provide materials which support and enrich the curriculum and stimulate growth in factual knowledge, iterary appreciation, desthetic values, ethical standards, and varied interests of students and faculty

The ibrary staff members are here to answer your questions and help you develop skills in using the many resources

#### **Guidance Department Guides SLUH**

There are three components in our guidance program at St. Louis University High. These are the freshmen counseling, the advisement system, and the counseling services. Though these components each serve a different purpose, they operate together to insure that each individual will have a personal contact in the school who will regularly assist him in the areas of academic planning, and personal adjustment

Two freshmen counselors assist treshmen in setting goals for the year, adjusting to the new environment, clarifying school policies, and familiarizing them with school activities

In sophomore year, each student is assigned a faculty advisor, who advises the student during the re-

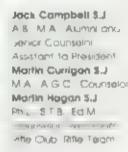

maining three years at SLUH. In quarterly meetings each year, the advisor assists the student in selecting courses, evaluating progress in current courses, discussing social and extracurricular activities, and explaining the results of standardized test scores like the NEDT, PSAT, ACT, and SAT

To supplement the advising program. Mrs. Vega and Mr. Mouldon help students with personal adjustment concerns, college planning and career counseling. While advisors serve as contacts within the school for students and deal with general school-related issues, the two counselors are available on an appointment basis for students to assist them in any way possible.

### DIRECTION DAYS

The class of '89 started off the 1985-86 school year with the Freshmen Direction Days During these six days, which ran from August 16 through August 21, every freshman participated in the all-day affair which commenced in the morning with the activities at Tower Grave Park At Tower Grove Park, the freshmen and senior helpers collaborated in conquering the ropes course, trust fall, and variations of the name game. After eating lunch, the group went to the Motherhouse of the School Sisters of Notre Dame, where the afternoon was spent playing softball and swimming. The recreation concluded with an exhilarating game of Earthball. The remainder of the day was spent at SLUH where anner was served. An educational slide show about SLUH was presented in the library, and later the seniors answered questions about SLUH posed to them by the freshmen

Because of the hard work of Dr Murphy, Fr. Reale, and the seniors. and the freshmen's willingness to

#### **Prospective Students**

Two hundred fifty-eight of the finest young men were accepted into SLUH in late February, Their long and anxious journey, which we all remember much too well, began with High School Night at area grade schools. Mr. Owens gave many prospective freshmen a first glimpse of the U-High. Their next step was Open House when the prospective students were taken on guided tours of the school. The final step was the entrance exam on the 3rd week in January: the "do or die" day for many students

In the weeks before and after the exam, the students were inter-

viewed by various members of the faculty and staff. The interviews are "... a crucial part of admissions. They work both ways, for the student and the school, providing a personal touch," says Mr. Keefe The interviews and exam day went quite weil

The '85-'86 school year was the last for the entrance exam. There will be no significant change in the admissions process, however. The main purpose was to take the emphasis off the test scores, and look at the whole individual

#### Personal Growth

When I first came to SLUH, I had two hypotheses of how I would stand against my classmates. The first was that I would be the dumbest person there, second was that because of what I was in grade school, I'd be the smartest. The first-quarter grades proved I was only average

My study habits and self-image changed radically. I had to actually sit down and work for the first time since 6th grade. I had always considered myself different compared to other people, but never a standout. People considered me strange.

and that's how I was known by all my classmates, friend and foe. SLUH gave me something to be really proud of myself and my school

Among other things, my ideas about the faculty changed, I realized that Mr. Zinselmeyer was not the troll who lived under the bridge and that teachers here were real people and did something more than give homework. In short, I have grown physically, morally, and spiri-

# FUN COMPETITION

As the evening set in, 215 exuberant freshmen gathered for the annual battle of homerooms, the Freshmen Fun Night. After the pregame dinner of hot dogs and soda prepared by the seniors, the class moved onto the battegrounds in the SLUH stadium

The contests opened with the "catapillar race," and then moved on to more heated events, the "four-legged race" and the "foot-ball-crab relay." Next came the famous and sometimes infamous "bat relay." As the homerooms moved into the penuitimate event, the "mummy wrap," the tension began to mount. The final event was unprecedented in Fun Night history, on event requiring the strength of football, the agility of wrestling, the speed of cross country, and the curning of chess. It was the "Earthbal

After the athletic competition ended, the freshmen were judged on their homeroom posters, attendance, and cheering capability

When the final scores were tabulated, homeroom 105 stood out on top, followed by 101 and 103. A final comment on the activities was made by freshman Kevin Logan, who said, "This evening gave all of us a chance to become friends and grow as one class."

#### A Team Effort

Right The TEAMS competitors Tim Harster, Mark Bildner Chris Woodward, Greg Downey, Jack Shriver, Craig Neumeier Rob Grothe Paul Duda Paul Winter Chris Cieeland moderator Mr. Thomas Becvar

There's a reason why people would trek up to school at 6 A M. on a Tuesday morning after a three-day weekend, drive through a blinding fog, suffer through two brainbattering forty-minute tests, and actually listen to an hour-long sales pitch for the U of Missouri-Columbia it was fun

Well, also the TEAMS competition happened to be taking place on the UMC campus that very morning

TEAMS (Tests of Engineering Aptitude, Math, and Science) is a state-wide high-school contest in Math Chemistry, English, Physics, Biology Sciences, and Engineering Graphics Each student on the ten-man team took two tests from these fields

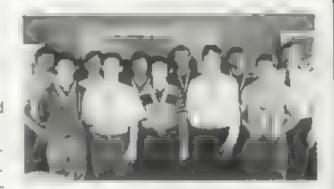

Preparation and enthusiasm separated this squad from the previous five in the contest's five-year history, SLUH had never placed lower than fourth, but they hadn't placed first since the inaugural 1981 year Strategies for this year included taking tests from previous years reviewing with teachers in the various areas Morale was boosted with a Domino's Pizza party

At 9 30 on Tuesday, February 18, the teams commenced battle After 80 minutes of testing, several hours for lunch, and the presentation on the UMC Campus, the results of the day were announced at the awards ceremony

"Third place . . . Parkway West"
"Second place . . . Rolla."

Tension mounted Neither arch-rival Parkway North nor Columbia Hickman had been announced both being annual winners

"First place... St Louis University High." SLUH surprised everyone, including themselves, by taking first

not only in their region, but also in the state

As Individuals, the team took home their share of hardware. A shocked Greg Downey, amidst incredulous looks from his teammates accepted the first place trophy in math; Craig Neumeier captured second in English, Paul Duda placed third in Engineering Graphics.

For the Billikens, the contest was an overwhelming success. Mark Bildner most aptly pointed out, "Even when we didn't think we'd win, we still had fun."

#### European Fun

Four SLUH students and Mr. Azzara enthusiastically ventured on their '85 European expedition. As they energetically boarded the plane for Europe, the five of them took one lost glance at America — a glance that would have to last an entire month

The group traveled through five nations in the search of knowledge, memories, and European-style fun Little did they know that their trip would include such magnanimous fascinations as Monte Carlo, the French Riviera, and the wonders of Rome and Paris. The group was also surprised upon encountering the "Bruce Springsteen Live" concert at the Olympic Stadium in Munich, Germany

After hours of train rides, thousands of Europeans, and much sightseeing, the group boarded the Icelandair flight and headed home after four exciting weeks of European fun

Mike Milne

#### **Building Maturity**

"I thought this year is the best so far," stated one junior, and that seems to be the general consensus of the Class of '87. One reason for this opinion is the increase in leadership. Now, with two years of high school behind them, the juniors are accepting more repsonsibility and are taking a more active role in the decisions about the school. The biggest asset is when the seniors leave for their Senior Project, because the Juniors get a taste of what it's like to run the school

The juniors are able to handle the added responsibility and the increased maturity. "People act more mature than in their freshman and sophomore years," one junior was quoted as saying. And the combination of this maturity and the famed junior retreats help build the class unity. The future of SLUH is bright with the enlightened juniors to handle next year.

#### Students Help Teams

Managers at SLUH play an important role in the success of the sports teams. They perform many tasks to assist the coaches

They tape-up players, keep track of uniforms, keep score, and cover many other details. With the details taken care of, the coaches can spend more time coaching

The Varsity Football Team's managers and trainers during the 1985 season included Chris Bell, Bob Weissman, John Ottenad, Jim Hacking, and Pat Horvath. As managers, they felt the sam joys, sadness, tri-

umph, and frustration as the players The B-team was aided by Steve Bent, Andy Craig, and Scott Sisul

In addition to the football teams managers and trainers also helped out in other sports. Carl Gentile helped Coach Dunn with the Varsity Soccer Team, Mr. Busenhart's Waterpolo Team enlisted Mark McCarthy, Chris Schubert, Jack Geist, Paul Bozdech, Joe Martinez, and Ben Diehl. Paul Bozdech helped Coach Murphy and Coach Anderson with the Wrestling Team. Tim Menard and Pat Horvath helped the Track Team

with minor details. Tom Barrett and Phil Braun helped Coach Nicollerat

The Junior Class Mass brought the year to an end for the Class of 1987. Fr. Reale celebrated the mass and Fr. Steele Fr. Baker and Fr. McCabe concelebrated. The opening procession was led by Mike Burke. Dan Casey, and Tim Hill carrying the class banner. John Allen, Rick Calcaterra

and Jeff Engelbrecht were next carrying the class rings

At the presentation of the gifts the candles from all four of the junior retreats were brought up by participants of each retreat. They were Bret Baker, Mike Evans, Rob Garavaglia, and Dave Patritti. The chape-

was filled to capacity with parents and relatives of juniors. The mass itself was a unifying experience and an excellent beginning for the year to come

Left. Jeff Winzerling and his date prepare for the underwater extravaganza on the floating dock.

The Junior Class Dance was a real hit. The decorations for the dance transformed the auditorium into an ocean setting complete with fish, octopi, sharks, and an eighteenfoot whale named "Shamu!" A floating dock was added to the entrance to enhance the illusion.

The band "Visions" cranked out nearly three hours of great dance music that got almost everyone moving Todd St. Vrain stated, "The band was so energetic that it was really hard not to dance" No one wanted the band to quit

Some of the other details of the dance included Pepperidge Farm Fish crackers to go along with the theme and a bubble machine Unfortunately, the bubble machine had to be shut down when the bubbles began to interfere with the stage controls Despite a few minor problems, the Junior Dance of the Class of '87 was an enormous success

# LEARNING ABOUT PEOPLE

it is a SLUH fradition. Every year since 1971, seniors have taken three weeks off school following New Years to serve the community. We work at nursing homes, nursery schools, schools for the handicapped, and at other such institutes This year, the project went international as seven students travelled to Haiti to work with the poor there

Most seniors, when we start our project, wonder why we do this We wonder why we have to leave our classmates during our final year together. We wonder what purpose the project serves. As we leave for

Christmas vacation, there is the knowledge that we won't see some of these friends for a month

A month later we return to SLUH Most of us now know why we do these projects. We talk about the experiences we had "I felt like I really reached out and made a difference in his life" "I knew when I left that not only would they miss me but also I would miss them." Everyone would agree that Senior Project is a worthwhile experience

#### Scholars Compete Nationally

Twenty-one seniors qualified as semi-finalists in the 1986 National Merit Scholarship competition SLUH's total was the school's highest in ten yearsand second best in the state of Missouri. To attain the rank of semi-finalist, one must score in the top half of one percent of the million students who take the PSAT in their junior year.

In order to advance in the competition, the semi-fina sts submitted an application consisting of SAT scores, school grades, a recommendation, and a personal essay. Seventeen of SLUH's twenty-one semi-finalists advanced to finalists status. Approximately 40% of the finalists actually receive awards. They may meet criteria for corporate, university, or National Merit Scholarship Corporation-sponsored scholarships

Beyond the money involved, recognition by the National Merit Scholarship Corporation is an immense honor and an aid to being accepted by a competitive college or university.

#### It is not an Ego-Act

"Ego-Act, Eco-Ax, what is Eco-Act?" In case you are not familiar with Eco-Act, it is a course here at SLUH which I recommend without hesitation. "Eco" stands for ecology while "Act" stands for acting, creating, and teaching. As an Eco-Actor, your job during the school year is to teach a fifth grade class and show them how to relax in our environment while having fun. Part of the fun. is the very nature of the class. This past year has been different for me because one of my six courses is not here at SLUH 1, along with two other fellow seniors, travel down to the Buder School once a week in order to enlighten St. Louis's youth on such topics as camoflage, pollution, and

behavior on a field trip to Shaw's Garden. Besides "playing school," we also plan our classes with captivating activities and educational games

Eco-Act is not only a crassroom course, but also an outdoor course with the many weekend nature trips in October, for example, we went to scout the Whispering Pine Trall in southern Missouri. I have learned a great deal about the natural world, different varieties of people, and myself on these adventures SLUH is one of many schools represented in the program, which draws people anywhere from Clayton High to Northwest High and everywhere in between

#### Jesuits Open Doors to Seniors

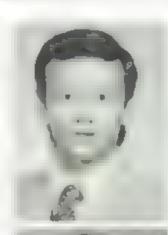

in an effort to create a better understanding of the Jesuit Irlestyle, the SLUH Jesuit community held three open houses during the school year for interested members of the senior class. About thirty seniors took advantage of the opportunity

The evening began at six o'clock with prayer service in the beautiful Jesuit chapel on the third floor. The group of Jesuits and students then proceeded to the dining room for a meal of fine food and plentiful dessert. During supper the seniors intermingled with the many diverse yet unified members of the Jesuit community Prior to the open house, many seniors viewed the Jesuits only as teachers, but that belief is out of perspective. It is like the Jesuits considering us only students. The Jesuits are very personable people. They pursue many hobbies and other interests that are typical of any group of people. Contrasting with the sterotype, the Jesuits' behavior is casual and relaxed Many of them were blue jeans and tennis shoes. After dinner the

seniors and a few Jesuits discussed informally such topics as the process of becoming a Jesuit, the role of the Jesuits in the world, and the active social life of the Jesuits. The evening concluded with a tour of their living quarters. Standing on the roof of the building, the seniors had a panoramic view of the entire campus and the surrounding city of St. Louis, Participation in the Jesuit Open House was a unique and enjoyable learning experience

As the beginning of the school year comes to reality, each grade of students confronts new transitions and levels of responsibility. With the dawning of a new school year, the young men of the senior class view the inevitable ending of their high school careers and the progression into a new level of educational enlightenment. Seniors make a firm commitment to finishing his high school career with an academic flourish. They begin to face the burdensome process of college applications and the college selection

Alas, as happens so often, their grandiose plans somehow go astray. The deadline for college applications nears and, despite the supplications of teachers and parents, is finally made, if not a college deadline, the seniors face other deadlines involving school assignments, projects, work, and activities. The social life becomes more and more important, and the nights become longer and longer. Finally, Senior Beach Party and senior pranks come out in full force.

By the end of the year, the senior

class has lived through many adventures. With prom and graduation comes a period of reflection and meditation over what has happened during the past four years. Finally, as graduation comes to a close and the seniors enter the alumni stage with the diplomas in their hands, they venture into the sunset with friendships reaffirmed and many new friends made. They walk in a new direction with meaningful promises to write and call and the inevitability of facing more transitions in the years to come.

## PROMENADERS ROCK

The Class of '86 culminated four years of social festivities Enday, May 16th at the celebrated and enthusiastic Senior Prom. held at the Cedars in downtown St. Lauis

182 sharply-attired couples attended the formal dinner dance which was acclaimed for its attordability and ambient, chandeliered setting

The evening at the Cedars began promptly at eight as Fr. McCape nur ried the couples to their seats for the dinner of chicken, rice. Italian-mixed vegetables, and chocolate eclars. After the savory dinner, the promen aders rocked to the tunes of the popular, contemporary band, the Newsboys, as the band provided dynamite musical entertainment.

Fr. McCabe, organizer of the event, commented that it was a wonderful evening of "good clean fun."

to the students be yet a summer us speech

On the morning of Graduation, the Class of '86 assembled in the chape with their parents and faculty members for the last mass. Fr. Baker was the main celebrant of the memorable mass, which began at 9 A.M. Fr. Steele delivered the homily and connected our years at SLUH with the Visitation, which was the feast day. He mentioned that since our stay at SLUH is probably only about one-eighteenth of our life, it is like a visit, yet a very important one which provides a base for our other visits like college and jobs.

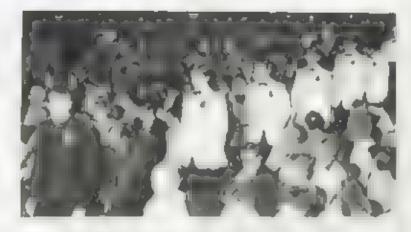

Another highlight of the mass was Chris Peterson's song that he wrote and sung in dedication to the Class of '86

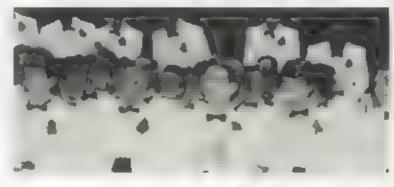

After the mass, the graduating seniors, their parents, and faculty members gathered in the gym with congratulations signs and the class banner hanging from the walls to celebrate the Graduation Breakfast

STUCO President Chris Potthast introduced the speakers Mrs. Law President of the Mother's Club, and Mr Owens delivered speeches of a serious note focusing on dedication and commitment while Pat Mehan and Mr. Dunn derivered speeches of a more humorous note. Father Baker then made a special award presenation instituted for the first time this year presented to the senior who has excelled in the areas of commitment, dedication, service, academics, and religious devotion. Mike Brennan was the recipient of this award and upon coming to the stage to receive it, stated, "Holy cow, I can't believe this All i can say is thank you

As the ceremony concluded, Mr Owens said some closing remarks before sending the Class of '86 on its way before graduation

### "THINGS TO REMEMBER"

A little more than four years ago 250 students and their parents crammed into a hot auditorium to listen to Fr. Hagan's jokes. Fr. Dressel's speech and SLJH's official welcome to the Class of 86. This gathering was the first step on a long and winding four year journey through St. Louis University High.

Freshman year got off to a rolling start. Who will ever forget the infamous Camp Wyman experience? We set out to conquer freshman year, and conquer we did.

Freshman/underclassman teams compiled a combined record of 99 23-3 with the JV Waterpola and Tennis Teams going undeteated. We cheered the Varsity Soccer Team all the way to the state finals against Vianney and the same fall we cheered the Cardinals to a World Series victory. In the spring, the Rifle Team won yet another state title. However, there were also disappointments the state-bound Basketball Team was derailed in their first playoff game, and the Football Team suffered its first loss to CBC in years en route to a sub-500 year for only the second time in 48 seasons.

Off the field, we experienced our first rush of school spirit during Spirit Week, featuring the first Goldfish Eating Contest and marking the return of our Jr. Billiken. We received our init ation into SLUH theatre with the Dauphin production of "Stalag 17" We were able to bash and trash our way through SLUH events, with the Bashball Marathon and the Mother's Clubsponsored. Trashbath. We were also able to

go on a spree at Cashbah '83'. Ben Vereen made a surprise musical. Pipin "The year closed just as "You Asked For It" at Senior Foilles.

At the close of the year it became evident that sophomore year would be quite different. Fr. Dressel departed leaving the post of principal open for Mr. Owens. Ms. Coyle a SLUH institution, retired after 30 years in the library, and Fr. Hagan departed from the recroam. Plans were also made to update the weight-room.

Over the summer, the SLUH community was shocked by the deaths of Dan (85) and Gary Mahach (186) in a car accident

The year began with still more changes in order to provide more variety, the rotating class schedule was introduced. Seven new teachers joined the staff, and some left among these Mr. Karleskint, thus saving biology students from the dreaded Zoo project. The real room opened under Mr. O uddy's care.

Sophomore year saw on increased in class unity due in part to the mandatory retreats (Camp Wyman again). We also began driving bringing in an increased social life, and had our first formal dance, a Mexican Fiesta.

Stulk clubs continued to be active at Stulk. The Prep News raised controversy with "Tol-

Above Bryan McCaffery Ed Cantwell, and Brian Walkins prepare to go to their small groups during Freshmen Day of Recollection

letigate and brought new information to students with its trivia contest. The language clubs held the first SUH international Banquet STUCO pointer hats became a rage around the school. New clubs joined the scene in cluding the Auto Club, the Tae Kwan Do Club and Pax Christi which, under the direction of Mr. O'uddy sold popoorn in the recircom. The cheerleaders modified their name and image to become the "Blue Crew." and a SUH traidtion. "Trashbah" came to an end.

White one tradition ended new traditions began The first Backer Awards were presented to three SLUH Alumni who "best reflected the spirit of St. Louis U. High." STUCO introduced the winter formal SnoBall to SLUH, and roffle sales reached their goal bringing us a four day weekend. "Julius Caesar" and Grease" were performed by SLUH actors. The Royal Liechtenstein Quarter Ring Circus came to SLUH for a day, and Tommy Lasorda dropped by for an afternoon visit. The doors opened for Cashbah. 84 and the year closed with another version of Senior Follies.

Junior year saw the Class of 86 ready to assume leadership roles. Juniors organized Spirit Week activities and filled the leadership roles while the seniors were on Project.

We also moved into the upperclass areas of Coronation and Sno8all and were able to donate blood for the first time.

School improvements continued with the renovation of North Hall and the installation of computers to be used by freshman typing classes. The Prep News added pictures and larger headlines to the weekly editions. The rec room returned to Fr. Hagan's charge STUCO continued with innovative ideas bringing Air Jam to the SLuH stage. Scheduling changes continued, as the time between classes was increased to four minutes. First semester exams were moved to after Christians.

mas break, and Spring Break was scheduled two weeks after third-quarter exams

in November, "disaster" struck SLUH took part in a disaster drill" to test the effective ness of the area's emergency services. Also that fall, we re-elected Ronnie during our mock election. Continuing the tradition of fine guest speakers, J.C. Carcaran at KSHE 95 visited for a pep rally.

Late in November, Fr. Cummings an nounced his resignation after eight years on the job. Fr. Baker was chosen as his replacement in the spring. The change marked the end of an era at SLUH.

The Varsity Football Team returned to the playoffs for the second straight year, and then suffered only its second loss of the year in the quarterfinals. The detect came at the hands of Jeff City, the team which had been responsible for the Jr. Bills: only regular season loss as well.

The Soccer Team lost in overtime for the second straight year in the district finals to CBC and the Basketball Team lost to state-bound Soldan in its district finals. The Baseball Team won its district before losing in sectionals. The Water Polo Team lost in the quarter finals and the Hockey Team exited after the first round. Track and Cross Country both sent Jr. Bills to the state finals, but none brought home medals. Only the rifle team struck gold at State bringing home another championship, while the chess team became state co-champions.

The year ended on a positive note for the Class of '86 at the Junior Class Mass and Dance Class unity, which grew throughout the year from junior retreat experiences manifested itself at this high point in the year

Senior year started for some seniors just as freshman year had at Freshman Direction Days providing us with a chance to look back at our last three years at SLUH. All too soon however, we became caught up in college applications and last-minute testing. Results from last year's tests qualified 21 National

Merit Semi-Finalists 17 of whom became Finalists 34 seniors were inducted into the NHS

Senior year witnessed another top to the World Series for the Redbirds. The disappoint ing ending was soon forgotten due to the success of the SLJH teams. The Football Team rolled all the way to the quarterfinals before a hard-lought loss to Lee's Summit. The Silver Team advanced likewise before losing to Aguinas-Mercy The Waterpolo Teampianed 4th in the state, while the Swimming Team finished 9th with several medalers. Disappoint ment returned when the Basketball Team was stunned in the first round of the playoffs. Hock ey fever struck SUH as the feam advanced. to the quarterfinals in their best season ever When the Blues reached the semi-finals of the Stoniey Cup playoffs, the fervor peaked At the end of the year the Basebal 4 51 🍃 🕒 e last shot at a state title for the Class of 86 playing on through the district play and to the sectional finals

Right The homespun band of seniors cranks out the tunes during the party Below Rob Lochner and John Pierle conceal themselves behind a Budweiser tower

#### PARTY-TIME

Below No this man is not from Hawaii Five-C He's Mike Hepburn strutting from the action Far below in a tangle of arms and legs. Chris Cleeland Fred Wallsch Brian McCarthy and other seniors shoot down the waterside.

On the last day of classes before senior final exams, the annual Senior Beach Party erupted on the grounds of the upper field and Alumni Park

Despite the rather chilly temperature, the party began during lunch and continued through noon rec. As custom continued, seniors paraded outside in unity wearing both beach and bleached attire and filling gallons of water into buckets and cans from pickup trucks

No, the water was not used to extinguish fires. Instead, it was poured onto brave, yet guillible underclassmen who with determination and courage, ventured outside only to be drenched

Though Mr Zinse meyer and Mr Owens kept most of the underclassmen off the grounds, many ald manage to participate in the festivities and were soon soaked and sullen

As Mr. Owens snapped pictures of the merry seniors, an impromptu group jammed on the guitars and provided musical entertainment

As the bells to end noon rec sounded at 1.15, the end to the fun and chaos came as the Beach Party concluded with seniors clashing together for a group photo

Student managers	154
Masses	84-85

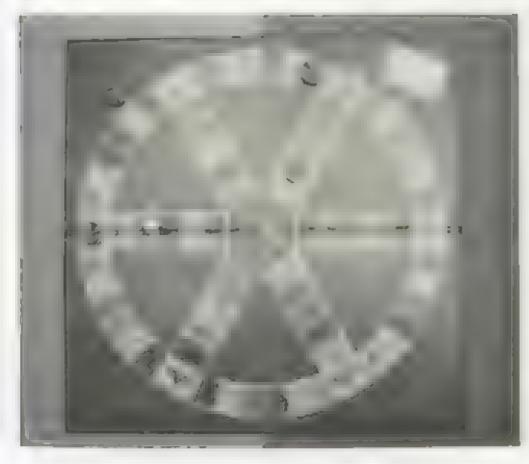

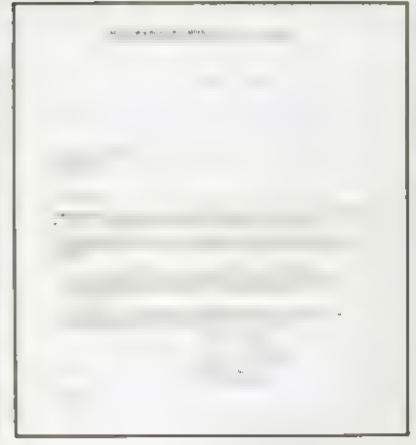

Above Several Jesuits watched five seniors place a "For Sale" sign on the front of the Jesuit Residence the evening before Graduation as a senior prank. Fathers Steele Reale, and McCabe were secretly watching and after the seniors left, changed the sign. They gave credit to the thoughtful graduates by changing the sign to say that diplomas were for sale and displayed it in a quite prominent position so all those attending the Graduation Mass and Breakfast could see the seniors place of the seniors place of the seniors before a senior senior senior seniors.
